## **Prologue**

This document explains the Suburban Friendship League's administrative requirements as they pertain to each Law of the Game. It is not the intent of the SFL to alter, change, or modify any of the laws of the game as presented by the International Federation Association Board and US Soccer. Members can find the latest "Laws of the Game," by going to the US Soccer web site, <http://www.ussoccer.com/referees/laws-of-the-game>, for the most recent updates. Nothing in these rules precludes a club from imposing more stringent rules on their own teams.

The SFL's administrative requirements have evolved over the years due to situations brought to the attention of the SFL Commissioners by the clubs. The SFL's administrative requirements are designed to provide guidelines, common operating procedures, and rules to facilitate cooperation between the clubs and, if necessary, consistent disciplinary actions.

While all the "Laws of the Game," are enumerated in this document, not all laws will have an administrative requirement attached to it.

**SFL Administrative Rules For  
The Laws of the Game**

**I. Law 1 – The Field of Play**

A. If a team does not believe that a game is being played on a field that is not compliant with the applicable field guidelines, the coach should play the game and then notify the appropriate SFL Club Representative of the problems. The SFL Club Representative may then request the SFL to review the matter and make a decision on whether a forfeit should be awarded.

1. Forfeits will not be awarded for the following conditions.

- a. Fields that are properly sized but the markings are not entirely compliant with the applicable guidelines.
- b. Corner flags not being present.

**II. Law 2 – The Ball**

A. There are no SFL administrative rules for this law of the game.

**III. Law 3 – The Players**

A. SFL Team Roster Presentation – Each coach is expected to provide a **paper copy** of the SFL Team Roster to the opposing coach (and referee if requested) before the start of each game.

1. If a team is unable to provide a **paper copy** of the SFL Team Roster to the opposing team, the opposing team may declare a forfeit (forfeits are mandatory during the tournament). **Electronic copies of SFL Team Rosters are not acceptable substitutes.**

a. If a SFL Team Roster is requested but not provided and both teams agree to play (regular season games only), then neither team can request a forfeit because a roster was not available.

(1) If a forfeit is accepted because of a roster problem, then the teams should leave the field. In other words, the teams should not use the game as a scrimmage.

B. Player eligibility

1. General eligibility

a. All players must be registered with the proper state soccer association (e.g., Virginia Youth Soccer Association), listed in that state soccer’s recreational player data base and has adequate insurance, as defined by the state association for their players. A player must be registered with an associated club and meet their requirements for being a recreational or house player.

42  
43  
44  
45  
46
- (1) Players can only appear on one (1) SFL Team Roster.
  - (2) Special exception for recreational players
    - (a) Under no circumstances may a SFL player participate on a travel team on a weekend which the SFL normally has scheduled games. Some travel leagues may allow recreational players to play on a travel team as a guest player. This is allowed under the following conditions:
      - (i.) The player does not routinely practice with the travel team. One-time “tryouts” are allowed.
      - (ii.) Travel tournaments – The player is playing for a travel team participating in a tournament that occurs either (1) before the first weekend of the SFL season, (2) after the last weekend of the SFL season, or (3) during a week when the SFL does not hold games, e.g., holiday weekends. The SFL must be notified by Email of the player’s name and date of birth along with the game dates that the player is playing for the travel team if the game dates fall between the start and end of the SFL season, e.g., holiday weekends.
    - b. If a player played on a travel or select team during the previous season, the player should complete SFL Form 3 (Player No Longer Playing Travel or Select Soccer). This form should also be signed by the Coach and SFL Club Representative. A copy should be sent by Email to the SFL with the original maintained by the coach. Players appearing on this form and complying with its certifications are not considered travel or select players.
    - c. Ineligible and illegal players
      - (1) **Ineligible players** are players assigned to the team but are not eligible to play for some reason and the opposing coach has not given the player permission to play. Ineligible players are not the same as illegal players. However, as discussed elsewhere, an ineligible player may become an illegal player and the penalties for using an illegal player apply. When the SFL determines that the ineligible player used was inadvertent or an administrative error then no penalties will be imposed. The penalty for using an ineligible player when the SFL concludes that the use was advertent or an administrative error includes a forfeit for the game where the ineligible player was used. Examples of ineligible players include the following.
 

**Example A**

Player’s name does match the roster during a roster check and the name is not a common nickname for the name shown on the SFL Team Roster, e.g., player goes by the nickname name of “Dusty” while the roster shows “Sam.” Examples of

1 common nicknames include Charlie for Charles, Sue for Susan, Ted for Theodor,  
2 Sam for Samantha, etc.

3  
4 **Example B**

5  
6 Player's birth date does not agree with SFL Team Roster during a roster check.  
7

8 **Example C**

9  
10 SFL Team Roster shows roster issues for the player, e.g., duplicate uniform  
11 number, no uniform number, etc.  
12

13 **Example D**

14  
15 Player shows up at a game (1) with a different uniform number than the Assigned  
16 Number on the SFL Team Roster and (2) the SFL Team Roster does not show the  
17 player's actual number in the Game Day Number as one of the allowable uniform  
18 number changes.  
19

- 20 (2) **Illegal players** include (1) travel players, regardless of whether they are shown on  
21 the SFL Team Roster, (2) players shown on the SFL Team Roster but declared  
22 ineligible during a player validation and later used in the game, and (3) players not  
23 shown on the SFL Team Roster. The penalties for using illegal players include  
24 forfeits for the games where illegal players are used and the team may be excluded  
25 from the SFL tournament.  
26
- 27 (a) If a SFL player participates in a regular season travel game, then (1) the club  
28 must notify the SFL of the player's name and birth date and (2) ensure that the  
29 player no longer plays on the SFL team. Subsequent participation of the  
30 player in SFL games will result in game forfeits and the team's elimination  
31 from the SFL tournament.  
32
  - 33 (b) VYSA's Olympic Development Program (not the VYSA Developmental –  
34 Olympic Development Program).  
35
  - 36 (c) Players who are listed in the Virginia Youth Soccer Association (VYSA)  
37 travel data base (or any other state youth travel soccer database) and those  
38 players who participate in travel/select programs may not participate, except  
39 as noted above.  
40

41 **Discussion**

42  
43 The following examples illustrate how the SFL will determine (1) whether the definition  
44 of an ineligible or illegal player will be used in sample situations and (2) whether any  
45 penalties apply when an ineligible player is used. These examples are not designed to

1 cover all possible situations and the appropriate SFL Age Group Commissioner will  
2 make the final determination.

3  
4 **Example A**

5  
6 A travel player is found on the roster of Team A after the week 3 game is played. This  
7 player is considered as an illegal player and Team A is assessed forfeits and Team  
8 Demerits for the 3 games that have been played regardless of whether the player actually  
9 played in the game. Additional penalties may apply depending on whether the coach  
10 knew about the illegal player.

11  
12 **Example B**

13  
14 A player is shown on the SFL Team Roster as having a roster issue, e.g., missing  
15 uniform number, duplicate uniform number, etc. During the roster exchange process,  
16 the opposing coach tells the other coach and the game official that the player cannot be  
17 used. During the game, the player is found participating in the game. The game official  
18 is notified and confirms that the player in question did participate in the game. The  
19 player is considered an illegal player knowingly used by the coach and the applicable  
20 penalties apply. Although the player was shown on the roster was an ineligible player,  
21 when the coach was told by the opposing coach that the player could not be used and  
22 was then used, the player became an illegal player.

23  
24 **Example C**

25  
26 A player is shown on the SFL Team Roster as having a roster issue, e.g., missing  
27 uniform number, duplicate uniform number, etc. During the roster exchange process,  
28 neither coach discusses the roster issues shown on the SFL Team Roster. During the  
29 game, the player is found participating in the game. The game official is notified and  
30 the opposing coach requests that the player be removed from the field. The player's  
31 coach complies and the player no longer participates in the game. The player is  
32 considered as an ineligible player that was used and the use of this player is considered  
33 as an inadvertent or an administrative error. Accordingly, no penalties are assessed.

34  
35 **Note:** If the player in question was used after the player's coach and game official had  
36 been told by the opposing coach that the player could not play, then the use of this  
37 player is considered an illegal player knowingly used by the coach and the applicable  
38 penalties apply.

39  
40 **Example D**

41  
42 A player is shown on the SFL Team Roster as having a roster issue, e.g., missing  
43 uniform number, duplicate uniform number, etc. During the roster exchange process,  
44 neither coach discusses the roster issues shown on the SFL Team Roster. After the  
45 game, the opposing coach sees a picture of the opposing team that shows a player on the  
46 field whose number does not agree with any of those shown on the SFL Team Roster.

1 The player is considered as an ineligible player that was used and the use of this player  
2 is considered as an inadvertent or an administrative error. Accordingly, no penalties are  
3 assessed. The rationale used is that there is no evidence that an illegal player was used,  
4 e.g., no roster challenge was used to ascertain the identity of the player, the coach did  
5 not ask the game official or team with the player in question to not use the player, etc.  
6 Accordingly, the coach with the player in question could have addressed the problem by  
7 simply using one of the three (3) allowed number corrections for regular season games,  
8 etc.  
9

10 **Note:** If the SFL Team Roster provided to the opposing coach showed that the allowed  
11 number of uniform number changes, e.g., three (3) for a week 5 regular season game,  
12 then the player in question would be considered as an illegal player. The rationale for  
13 this decision is that the coach had shown the other coach that the maximum of three (3)  
14 player uniform number changes had been used and the player in question would have  
15 resulted in four (4) players having uniform number changes. Accordingly, the coach  
16 was required to get the opposing coach's permission. Since the coach did not get the  
17 opposing coach's permission, the use of the player in question is considered as a  
18 deliberate attempt by the coach to use a player that was not eligible to play and the  
19 applicable penalties apply.  
20

- 21 2. Player validations are conducted through the official present using that team's SFL Team  
22 Roster. In some cases, e.g., regular season games, the player validation process may only  
23 be needed for a specific player or players while in the tournament all players on a team are  
24 validated. The player(s) line up by uniform number and each player is validated by stating  
25 their name and birth date when the game official calls their uniform number.  
26
- 27 a. Player issues include but are not limited to (1) name/birth date provided by the player  
28 does not agree with the SFL Team Roster, (2) uniform number worn does not agree with  
29 SFL Team Roster, (3) SFL Team Roster shows player issues such as missing uniform  
30 numbers, duplicate uniform numbers, etc.  
31
- 32 b. Player issues shown on the SFL Team Roster or detected during the player validation  
33 process are considered ineligible to play in that game unless (1) the opposing coach  
34 waives the suspension (regular season games only) or (2) a SFL official waives the  
35 suspension.  
36
- 37 c. Players may be required to spell their name or sign their name on a blank piece of paper  
38 if required by the official.  
39

40 **Note:** Common nicknames are exempt from the matching name requirement while  
41 uncommon nicknames are not. For example, a player that goes by the nickname name of  
42 "Dusty" should be shown on the roster if the name on the roster shows "Sam" since this  
43 is not a common nickname. Examples of common nicknames include Charlie for  
44 Charles, Sue for Susan, Ted for Theodor, Sam for Samantha, etc. Accordingly, if the  
45 SFL Team Roster shows the player name Samantha Jones but the player says Sam  
46 Jones, then this is not considered as a roster name issue.

- 1  
2  
3  
4  
5  
6  
7  
8  
9  
10  
11  
12  
13  
14  
15  
16  
17  
18  
19  
20  
21  
22
- d. Coaches should ensure that their players understand the information that will be requested by the official conducting the player validation. However, the coach may not tell a player how to answer the questions, e.g., the coach may not tell the player the birth date that should be provided. Any instructions provided by the coach to the team concerning how the process works should be made in the presence of the official conducting the review.
  - e. When a player validation is performed during a regular season game, a report on the results must be submitted to the SFL by both coaches. The report will include (1) team making the request and reason for the request, (2) game reference number, (3) game date, (4) game field, (5) result of the validation, and (6) the details associated any discrepancies. If no discrepancies were noted, then this should also be reported. Based on the reports received, the SFL Age Group Commissioner will make a decision on the appropriate penalties that should be applied should a discrepancy be noted.
3. Tournament player validation is required for all tournament games.
- a. When player validations are being performed for tournament games, a team representative from each team must be present during the player validation process. This representative does not have to be the coach.

23  
24

### **Suggestion**

25  
26  
27  
28  
29  
30

Team representatives and game officials are encouraged to clearly annotate on the applicable SFL Team Rosters to show the players that have undergone validation process. For example, assume that the SFL Team Roster shows 18 players and 15 players have been validated. Placing a check mark next to these 15 names makes it easy to determine whether a uniform number on the field has been properly validated.

- 31  
32  
33  
34  
35  
36  
37  
38  
39  
40  
41  
42  
43  
44  
45  
46
- b. Player validations are performed as follows.
    - (1) Initial player validation – required to be performed before the start of each tournament game. Game officials may not be requested to perform a player validation on arriving players after the initial validation until the second half.
    - (2) Second half – Any late arriving players after the initial validation are validated before the start of the second half. Players missing the second half validation are not eligible to play in the game.
    - (3) Validation for suspected ineligible and illegal players during the game. Specifically, a team may request the game official to confirm that a player the team believes has not been validated has participated in the game.
  - c. Players whose uniform numbers do not agree with the SFL Team Roster or where the SFL Team Roster shows player issues are not allowed to play.

(1) The only exception to uniform number issues shown on the SFL Team Roster preventing a player from playing is when the player’s uniform number has a leading zero. Specifically, when the player’s actual uniform number has a leading zero, e.g., “07” that is permanent, then (1) this is not considered as a uniform number change and (2) the comment the DUNMBC is not considered as a limitation on whether the player can play in a tournament game when the coach has noted the leading zero in the Actual Number column of the SFL Team Roster, e.g. “07” and the SFL Team Roster shows two players having the uniform number of “7”.

d. Players that have not been validated must leave the “team area” on the field or take other actions, such as replacing their uniform jersey with some other form of clothing, so that there is no confusion on the players that have undergone a validation and are allowed to play.

C. Age Groups

1. A player must meet the USSF birth date requirements for their age group.
2. A club must register all their recreational players for each age group for which they wish to participate.
3. The SFL Age Groups are: 11, 12, 13, 14, 16, and 19. The SFL encourages the clubs to only assign players whose birth dates comply with their team’s age group.
4. Playing up is allowed as shown below. **WAIVERS WILL NOT BE GRANTED.**

**Age Group Matrix**

Team Age Group	Player’s Actual Age Group
Under 11	Under 9, 10, and 11
Under 12	Under 10, 11, and 12
Under 13	Under 11, 12, and 13
Under 14	Under 12, 13, and 14
Under 16	Under 14, 15, and 16
Under 19	Under 15, 16, 17, 18, 19

5. Medical Waivers

- a. Requests for play down waivers are only granted for medical reasons and the SFL Club Representative must provide the following information:

- (1) A signed statement from the parents/guardians requesting permission for the child to play down, with a brief description of the reason for the request.
- (2) A signed statement from a doctor explaining the medical condition that requires the player to play down.
- (3) A signed statement from the club's Board of Directors that they have reviewed the application and believe that the player should be allowed to play down for medical reasons. The individual signing this determination for the Board must (1) is a Board Member or (2) someone other than the SFL Club Representative or a coach in the SFL.
- (4) If the request is granted, the waiver will state on the SFL Team Roster that the waiver is a medical waiver but it will not provide the reason the medical waiver was granted.
- (5) Clubs must submit a request each season for medical waivers even if a request has been approved in prior seasons. This request must include a new determination by the applicable club's board that the player should be granted a medical waiver.
- (6) **All requests for medical waivers must be submitted prior to March 31 for the spring season and August 31 for the fall season.**

D. Substitutions – Substitutions may be made under the following conditions:

1. After a goal.
2. Prior to a goal kick.
3. Prior to the start of the second half.
4. Prior to a throw-in by the team in possession. The opposing team may only substitute if the team in possession substitutes.
5. For an injury when the injured player is replaced. The opposing team may also substitute a player at that time.
6. After a player caution, at the request of the player's coach. Only the cautioned player may be replaced with a substitute at that time.
7. At water breaks, if stoppage for the break occurs during one of the above substitution opportunities. Referees are encouraged to schedule water breaks during substitution opportunities for both teams.

1 E. Team Size  
2

3 1. All players in good standing must play at least 50 percent of the game. The applicable club  
4 is responsible for defining what is considered good standing.  
5

6 2. Minimum  
7

8 a. 11 v 11 format – 7 players  
9

10 b. 9 v 9 format – 6 players  
11

12 3. Maximum  
13

14 a. 11/12 age groups – 20 players  
15

16 b. 13/14 age groups – 22 players  
17

18 c. 16/19 age groups – 25 players  
19

20 **Note:** These limits were established to help satisfy the 50 percent playing time rule.  
21

22 F. Play Down Rule  
23

24 1. The team with the higher number of field eligible players may (1) play down to the same  
25 number of players as the team with the fewer players or (2) play no more than two players  
26 above what the opposing team can play.  
27

28 2. The above rule also applies when players from the team with the lesser number of players  
29 leave a game due to injury or illness.  
30

31 3. Red carded players on the team with the lesser number of players, does not cause the team  
32 with more players to play down.  
33

34 G. Combining Teams for the Tournament  
35

36 1. If a club decides that it cannot field all its teams within an age group, the club may request  
37 permission from the appropriate SFL Age Group Commissioner to combine two teams to  
38 form a “tournament team.” If this permission is granted then the following conditions  
39 apply.  
40

41 a. The higher ranked team is used to determine the tournament group for the combined  
42 team.  
43

44 b. The SFL Club Representative will prepare and submit to the SFL, a revised Master  
45 Player Roster on the Monday after the last regular season game.  
46

1 (1) The “combined roster” must only use players currently shown on the two teams  
2 being combined.

3  
4 (2) The maximum number of players that may be used on this combined team is (1)  
5 fourteen (14) for the 11/12 age groups and (2) sixteen (16) players for the 13 and  
6 above age groups.

7  
8 **IV. Law 4 – The Players Equipment**

9  
10 A. General requirements

- 11  
12 1. If it is determined that the form used by a coach is not a form generated by the SFL, it is an  
13 automatic forfeit, regardless if all the information on the form is correct.  
14  
15 2. Coaches are required to inform their SFL Club Representative, as soon as possible, of any  
16 changes that are needed for their roster.

17  
18 **Suggestion:** Coaches can require their players to wear their jerseys to practice to  
19 record/validate their uniform number. Additionally, the date of birth, correct spelling of  
20 the name can be validated. Any changes should then be forward to the SFL Club  
21 Representative for submission to the SFL.

22  
23 B. Jersey Issues – It does not matter what jersey color is worn by a team as long as no color clash  
24 exist and uniform numbers are consistent with SFL Team Roster. Teams are encouraged to  
25 only wear the primary uniform color as shown on the SFL web site to prevent unanticipated  
26 color clashes on game day.

- 27  
28 1. **Color Clashes** – Color clashes requiring the home team to resolve the color clash can only  
29 exist when the primary color shown on the SFL web site is the same for both teams. The  
30 home team is responsible for resolving such color clashes.  
31  
32 a. Color clashes when the primary color shown on the web site for both teams is the same  
33 the following may be used to resolve the conflict.  
34  
35 (1) One team wearing an alternate jersey color that has uniform numbers consistent  
36 with the SFL Team Roster.  
37  
38 (2) Pennies of a different color may be used by either team with the opposing coach’s  
39 consent.  
40  
41 b. When game day color clashes results from one or both teams not wearing their primary  
42 uniform colors, then the team(s) not wearing the primary color shown on the web site  
43 for that team must change into the uniform color shown the web site. It is possible for  
44 both teams to have to change uniforms, e.g., both teams are wearing white when white  
45 is not the primary color shown on the web site for either team.  
46

1 **V. Law 5 – The Referee**

2  
3  
4  
5  
6  
7  
8  
9  
10  
11

- A. All referees must be USSF certified.
- B. Referees are encouraged to visit [www.ussoccer.com/referees](http://www.ussoccer.com/referees) for additional information.
- C. Clubs are expected to provide adequate officials for the games. If adequate officials cannot be provided, then (1) the visiting team should be notified by Friday night that the game cannot be played and (2) a forfeit will be assessed to the home team.
- D. Rules of Competition
  - 1. From the US Soccer web site:  
<http://www.ussoccer.com/stories/2014/03/17/11/16/may-2008-archive-ii-of-ii>  
“As to local rules of competition, the intelligent referee will always obtain a copy of these rules before accepting any assignments. That way he or she knows what lies ahead and he or she can determine whether or not to accept assignments/appointments to those games.”
  - 2. Referees are encouraged to visit the SFL web site and under SFL Documents, download “SFL Guide to Referees (Regular Season & Tournament).”
    - a. Should a game official have a question regarding the SFL requirements relating to a game, they may call the SFL at 703-476-6611. During the regular season the SFL does not guarantee that someone will be available.
  - 3. Reporting misconduct – Referees are required to automatically report serious misconduct to the SFL through their club’s reporting process. These required reports include red cards issued, racial slurs (regardless of whether a red card is issued), individuals asked to leave the immediate game area, i.e., within 100 yards of the game field, (regardless of whether a red card is issued), pervasive inappropriate actions toward a game official regardless of whether the individual is ask to the immediate game area, etc.
    - a. A referee may request from the coach, player, or other team official the name of any coach, player, or team official that the referee needs to perform their reporting responsibilities. If this information is not provided or incorrect information is provided to the referee, the team will be assessed two (2) Team Demerits in addition to any other Team Demerits that may be assessed during the game.
- E. Age Requirements
  - 1. The center referee will be at least two (2) years older than the age group they are officiating except as noted below.
    - a. The referee possesses a Grade 7 or higher license.

1  
2 b. The referee is at least the age of the game they are officiating, and at least one adult of  
3 21 years or older is serving as an assistant referee.  
4

5 2. Referees should not be immediate family members to team officials except in an  
6 emergency.  
7

8 F. Quality of Officials  
9

10 1. The SFL has no role in assigning the officials to a game since this is a club responsibility.  
11 However, the SFL provides a mechanism for coaches to report on the quality of the  
12 officials provided for their games. Comments can be sent directly to the home team's SFL  
13 Club Representative using the standard Email address that is contained in the season  
14 package. When reporting on the officiating, please provide the game number, teams, game  
15 field, and game time. For those that would like a form, the web site has one suggested  
16 form that can be used. (The form is on the SFL Documents page.)  
17

18 2. As noted by FIFA, the decisions of the referee regarding facts connected with play,  
19 including if a goal is scored and the result of the match, are final. Accordingly, (1) game  
20 results will not be changed because of referee errors and (2) teams will not be compensated  
21 for referee errors. The mechanism available to address such matters is to notify the club  
22 providing the officials of the errors so that they can consider such cases when evaluating  
23 their referees' performance and guidance that may be needed on how to implement a given  
24 rule or set of rules so that these errors do not happen in future games.  
25

26 G. Other  
27

28 1. Game officials may determine that the game conditions are unsafe to play or continue  
29 playing a game. This is a decision made by the referee and may not be protested.  
30

31 2. In order to keep the tournament games on schedule, the referee will normally keep a  
32 running clock, i.e., the clock is not stopped for injuries, substitutions, etc. However, the  
33 referee may decide to stop the clock if the referee believes that it will not adversely affect  
34 the overall tournament game schedule. This is a decision made by the referee and may not  
35 be protested.  
36

37 3. The referee is allowed to use their discretion on when it is too dark to play safely.  
38 Therefore, the last games of the day may be shortened because of darkness. This is a  
39 decision made by the referee and may not be protested.  
40

41 **VI. Law 6 – The Other Match Officials**  
42

43 A. All match officials must be USSF certified.  
44

45 B. Referees are encouraged to visit [www.ussoccer.com/referees](http://www.ussoccer.com/referees) for additional information.  
46

1 C. All match officials should be familiar with LAW 5 – THE REFEREE above.

2  
3 **VII. Law 7 – The Duration of the Match**

4  
5 A. Game Times – The following governs the game times for regular season and tournament  
6 games.

7

8 <b>Age Group(s)</b>	<b>Regular Season Games</b>	<b>Tournament Games</b>
9 12 and Under	30 minute halves	30 minute halves
10 14 and Under	35 minute halves	35 minute halves
11 16 and Under	40 minute halves	35 minute halves
12 19 and Under	40/45 minute halves if time allows and both coaches agree	35 minute halves

13  
14 B. Games Halted – A game halted at half time or later due to unsafe playing conditions will stand  
15 as indicated by the score when the game was halted.

- 16  
17 1. If due to unsafe playing conditions a regular season game is halted prior to half-time, it  
18 will be replayed unless waived by the SFL Age Group Commissioner.  
19  
20 2. If a tournament game is halted due to unsafe playing conditions after being started, the  
21 game result at the time of termination will be used as the final game result unless waived  
22 by the SFL Age Group Commissioner.

23  
24 **Example**

25  
26 A regular season game is terminated 30 minutes into the first half due to weather  
27 conditions. The game is rescheduled to be played at a later date unless waived by the  
28 appropriate SFL Age Group Commissioner. On the other hand, a tournament game  
29 terminated 5 minutes into the first half because of weather conditions would use the game  
30 results at the time of termination. The SFL will decide how to handle tournament games  
31 ending in a tie that is scheduled using the in single elimination format.  
32

33 **VIII. Law 8 – The Start and Restart of Play**

34  
35 A. There are no SFL administrative rules for this law of the game.

36  
37 **IX. Law 9 – The Ball In and Out of Play**

38  
39 A. There are no SFL administrative rules for this law of the game.  
40

A. Mercy Rule

- 1. When the goal differential between two teams has reached four(4), the winning team is obligated to remove a player from the field.
  - a. For every goal that the losing team scores, the winning team may add one player.
  - b. At any point when the goal differential reaches four (4) or more, the losing coach may terminate the game without penalty. The game is terminated when the coach or team captain informs the referee. The score reports should include that the game was terminated early because of the mercy rule.
  - c. The player removal/addition process continues for every goal that increases/decreases the differential, until the goal differential reaches eight (8) for teams playing the 11 v 11 format and seven (7) for teams playing the 9 v 9 format. When the score differential reaches these levels, the game is automatically terminated without a penalty being assessed to either team. The following table shows the maximum number of players allowed when the goal differential exceeds 3 goals.

<b>Goal Differential</b>	<b>11 v 11 Format</b>	<b>9 v 9 Format</b>
0 – 3	11 players allowed	9 players allowed
4	10 players allowed	8 players allowed
5	9 players allowed	7 players allowed
6	8 players allowed	6 players allowed
7	7 players allowed	Game Terminated
8	Game Terminated	

- (1) It is the responsibility of the winning coach to notify the game officials of this requirement should the game official not terminate the game when the score reaches the appropriate level. If either score report shows that the automatic game termination was not implemented as required, then the team with the most goals will be assessed a forfeit.

**XI. Law 11 – Offsides**

- A. There are no SFL administrative rules for this law of the game.

1 **XII. Law 12 – Fouls and Misconduct**  
2

3 A. For the Good of the Players – It should be remembered that the SFL is governed by the  
4 principle that all actions are “**For the Good of the Players**” and unsporting behavior or  
5 violation of the Laws of the Game cannot be tolerated. It should also be noted that the SFL is  
6 primarily a scheduling organization and that the resolution of complaints, disciplinary actions,  
7 and protests is primarily the responsibility of the affected clubs. The role of the SFL is to help  
8 facilitate the resolution of complaints, disciplinary problems, and protests.  
9

10 B. Misconduct – Individual Demerits and Team Demerits are used to identify individuals and  
11 teams that have a history of infractions related to misconduct and administrative issues while  
12 game suspensions are used to penalize specific individuals for the infractions.  
13

14 1. Penalties for Misconduct – The SFL has three types of penalties relating to misconduct, (1)  
15 game suspensions, (2) Individual Demerits, and (3) Team Demerits. Game suspensions and  
16 Individual Demerits apply to an individual based on the infraction while Team Demerits  
17 apply to a team. Although in many cases the number Individual Demerits assigned to the  
18 individual and the team may be the same, this is not always the case as shown below. The  
19 following shows the game suspensions, Individual Demerits, and Team Demerits assigned  
20 for given types of misconduct.  
21

22 a. Player infractions resulting in one (1) game suspension; one (1) Individual Demerit; and  
23 one (1) Team Demerit.  
24

25 (1) Denying an obvious goal scoring opportunity to an opponent moving toward the  
26 player’s goal by an offense punishable by a free kick or a penalty kick.  
27

28 (2) Denying the opposing team, a goal or an obvious goal scoring opportunity by  
29 deliberately handling the ball (this does not apply to a goalkeeper within his own  
30 penalty area).  
31

32 (3) Receiving a second caution in the same match.  
33

34 **Note:** If a player receives a red card after receiving a second caution a decision is  
35 made on whether the red card was received based on the player committing a red  
36 card offense or receiving a second caution. For example, assume that a player  
37 receives a caution for dissent and then received a red card for using  
38 offensive/insulting/abusive/language/gestures. This is treated as a red card for  
39 using offensive, insulting or abusive language and/or gestures rather than a second  
40 yellow card for dissent.  
41

42 (4) Serious foul play.  
43

44 (5) Using offensive, insulting or abusive language and/or gestures.  
45

1 (6) Ineligible players used – SFL concludes that a team deliberately used one or more  
2 ineligible players – head coach suspended for one game and one Team Demerit per  
3 player, e.g., if one (1) ineligible player was used, then one (1) Team Demerit, two  
4 (2) ineligible players, then two (2) Team Demerits, etc.  
5

6 (7) Individual Conduct Detrimental to the League – Conduct that warrants a one game  
7 suspension that is not specifically covered by other suspension offenses. Examples  
8 include failing to serve a game suspension by a player. When an individual does  
9 not properly serve a suspension period, this penalty is in addition to the original  
10 penalty. For example, assume a player suspended for one game and does not serve  
11 the one game suspension. The player would be suspended for one additional  
12 game.  
13

14 (a) Games where a forfeit or scheduling forfeit has been assessed are not  
15 considered games where an individual has served their suspension and the  
16 required suspension will become applicable to the next game the team plays.  
17

18 b. Infractions incurred by players, coaches, and others resulting in two (2) game  
19 suspensions, two (2) Individual Demerits, and two (2) Team Demerits.  
20  
21

22 (1) Violent conduct and fighting as defined by the SFL regardless of whether a red  
23 card is shown. Conduct which will be treated as fighting includes but is not  
24 limited to (1) fighting in the opinion of the referee, (2) shoving another player or  
25 any other aggressive action outside the normal course of play, (3) kicking/striking  
26 or attempting to kick/strike a player, or spitting. A player “defending  
27 himself/herself” is not exempt from this penalty.  
28

29 (2) Individual Conduct Detrimental to the League – Conduct that warrants a two game  
30 suspension rather than the standard one game suspension or not specifically  
31 covered by other infractions. Examples, include racial slurs, non players (such as  
32 coaching staff or spectators) being asked to leave the field or shown a red card,  
33 inappropriate behavior toward a game official, etc. Inappropriate conduct toward a  
34 game official includes persistent inappropriate comments, verbal threats, being  
35 followed to the parking lot in an inappropriate manner, or other actions that would  
36 make a referee fear for his/her safety.  
37

### 38 **Discussion**

39  
40 The SFL has a zero tolerance policy toward the use of racial slurs. Unfortunately,  
41 we have seen an increasing number of complaints of racial slurs being used. In  
42 some of the reports the coaches noted that this was “trash talk”and “players say  
43 this a lot to each other,” etc. In effect, the inference was that this behavior was not  
44 considered to be harmful or offensive. Unfortunately this is a subjective  
45 judgement and what is not offensive to one person may be offensive to another.

1 History has shown such statements have resulted in very unpleasant situations on  
2 the field.

3  
4 c. Infractions incurred by players, coaches and others resulting in season suspensions and  
5 three (3) Team Demerits.

6  
7 (1) Head Coach – Illegal players used.

8  
9 (2) Individual Conduct Detrimental to the League – Offenses that warrant a three-  
10 game suspension rather than the standard one or two game suspensions. Offenses  
11 that would normally warrant this type of suspension include referee assault  
12 incidents or other behavior that should be referred to VYSA for review.

13  
14 2. Administrative penalties assessed to individuals and teams.

15  
16 a. Illegal players used – One (1) Team Demerit per illegal player per game. Illegal players  
17 include (1) travel players regardless of whether they are shown on the SFL Team Roster,  
18 (2) players shown on the SFL Team Roster but declared ineligible during a roster check  
19 or roster challenge, and (3) players not shown on the SFL Team Roster. As noted in  
20 Section III. a team using illegal players will be assessed forfeits for the games where  
21 illegal players are used and may be excluded from the SFL tournament.

22  
23 (1) If the coach is assessed a penalty for using illegal players, then the Team Demerit  
24 penalty is not assessed unless more than three (3) illegal players are used.

25  
26 b. Team Conduct Detrimental to the League – One Team Demerit. Conduct by members  
27 of the team or its supporters that are not specifically covered by other suspension or  
28 team offenses and warrants one Team Demerit. Examples include failing to ensure a  
29 suspended player does not play (this is in addition to the penalty assessed to the  
30 individual), etc.

31  
32 c. Team Conduct Detrimental to the League – Two Team Demerits. Conduct by members  
33 of the team or its supporters that are not specifically covered by other suspension or  
34 team offenses and warrants two Team Demerits. Examples include actions that cause a  
35 game to be terminated early and failing to properly report red cards or individuals  
36 (including the Head Coach) being asked to leave the field. When suspension offenses  
37 are not properly reported, the team is also assessed additional Team Demerits and game  
38 forfeits until the information is properly received.

39  
40 d. Team Conduct Detrimental to the League – Three Team Demerits. Conduct by  
41 members of the team or its supporters that are not specifically covered by other  
42 suspension or team offenses and warrant three Team Demerits. Examples include  
43 actions that warrant review by VYSA.  
44

1 C. Individual and Team Demerits

- 2
- 3 1. Individual suspensions – An individual that receives three (3) Individual Demerits during a
- 4 season, including post season tournament play, is automatically suspended for the
- 5 remainder of the season including tournament play.
- 6
- 7 2. **Team suspensions** – Two types of team suspensions may result from the accumulation of
- 8 Team Demerits (1) suspension from the tournament, and (2) suspension from regular
- 9 season and tournament games.

10

11 a. Suspension from the tournament – A team that averages one (1) Team Demerit per

12 game played when the tournament schedules are prepared will be excluded from the

13 tournament but will be allowed to continue playing regular season games until the

14 maximum Team Demerits allowed are reached. For example, if a team has played four

15 (4) games when the tournament scheduling process is started and has been assessed four

16 (4) or more Team Demerits, then that team will not be scheduled for the tournament

17 although it may continue playing its regular season games until the maximum Team

18 Demerits allowed is reached.

19

20 b. Suspension from regular season and tournament games – A team that accumulates Team

21 Demerits that equal or exceeds the maximum Team Demerits allowed will be (1)

22 suspended for any remaining regular season games, (2) excluded from the tournament if

23 scheduled for any tournament games, and (3) placed on probation for the following

24 season.

- 25
- 26 (1) Maximum Team Demerits Allowed – the lesser of (1) the number of regular
- 27 season games scheduled or (2) the actual games played.

28

29 **Example:** Team A is originally scheduled for eight regular season games.

30 However, a team drops out and that game is cancelled. In addition, the last game

31 of the season is also cancelled and cannot be rescheduled. Team A plays all six

32 remaining games. The maximum Team Demerits allowed for Team A is six since

33 (1) its regular season game scheduled was reduced to seven games when the team

34 dropped out even though other teams may have played eight regular season games

35 and (2) one game was not played for other reasons.

- 36
- 37 (2) Games Played – A game where a team is assessed a forfeit for any reason is not
- 38 considered as a game played. In addition, if the game is unscheduled and neither
- 39 team has been assessed a forfeit, then that game is also not considered as a game
- 40 played. For example, Team A is scheduled for eight regular season games and the
- 41 web site shows that all eight games are considered played. However, Team A is
- 42 assessed a forfeit for some reason for one game. Team A is considered to have
- 43 played seven games.

44

45 c. **Appeal of regular season and tournament suspensions** – A SFL Club Representative

46 may appeal the regular season and tournament suspension associated with the

1 accumulation of Team Demerits to the appropriate SFL Age Group Commissioner when  
2 **all the Team Demerits were associated with one game.** Based on the facts of the  
3 situation, the SFL Age Group Commissioner may (1) retain the suspension, (2) allow  
4 the team to complete the regular season but not play in the tournament, or (3) allow the  
5 team to complete the regular season and participate in the tournament.

6  
7 (1) When the SFL Age Group Commissioner agrees to let a team continue to play,  
8 then such approval is automatically revoked should the team receive a Team  
9 Demerit for any reason in a subsequent game. Accordingly, the team is  
10 automatically suspended for the remainder of the season.

### 11 **Example A**

12  
13  
14 Team A is assessed eight (8) Team Demerits in regular season game 5. These Team  
15 Demerits are associated with several different infractions. Team A has not received any  
16 other Team Demerits prior to this game. **The SFL Club Representative is allowed to**  
17 **appeal** the regular season and tournament suspensions required because the team had  
18 accumulated eight (8) Team Demerits.

### 19 **Example B**

20  
21  
22 Team A received eight (8) Team Demerits in regular season game 5 and appealed the  
23 regular season and tournament suspension required in the rules. The appropriate SFL  
24 Age Group Commissioner agreed, based on the facts associated with the given game,  
25 that the team should be allowed to complete its regular season games and participate in  
26 the tournament. However, in week 7, a player on Team A receives a red card because of  
27 the accumulation of two yellow cards. Accordingly, (1) Team A receives an additional  
28 Team Demerit and (2) is suspended for the remainder of the season, i.e., is not allowed  
29 to play regular season game 8 and participate in the tournament. **No appeal of this**  
30 **suspension is available since the Team Demerits were accumulated in two games.**

### 31 **Example C**

32  
33  
34 Team A is assessed one (1) Team Demerit in regular season game 1 because of a player  
35 that received a red card. In regular season game 5, Team A is assessed seven (7) Team  
36 Demerits. These Team Demerits are associated with several different infractions. **The**  
37 **SFL Club Representative is not allowed to appeal** the regular season and tournament  
38 suspensions required because the team had accumulated eight (8) Team Demerits in  
39 more than one game.

- 40  
41 3. **Team Probations** – Teams are placed on probation when (1) the coach knowingly uses an  
42 illegal player or (2) the number of Team Demerits received in a season equal or exceeds the  
43 number of games played during that season. For example, if a team plays seven regular  
44 season and two tournament games, then the team would be placed on probation if the Team  
45 Demerits for the season equal or exceed nine Team Demerits.

- 1 a. The SFL Club Representative is responsible for ensuring that a team is notified that it is  
2 considered on probation and aware of the rules that can affect their continued  
3 participation in the SFL.  
4
- 5 (1) If a team on probation has any of the following conditions, the remainder of the  
6 regular season games will be forfeited and team considered ineligible for  
7 tournament play.  
8
- 9 (a) Accumulation of four Team Demerits.  
10
- 11 (b) A game terminated because of the team's conduct.  
12
- 13 (c) Any other disciplinary reason that the SFL Age Group Commissioner deems  
14 significant and warrants suspension from the SFL.  
15
- 16 b. Any team on probation that is suspended is considered ineligible to return to the SFL for  
17 at least two seasons.  
18
- 19 (1) The applicable SFL Age Group Commissioner is responsible for determining  
20 whether the members associated with a team constitute the team ineligible to  
21 participate.  
22
- 23 (a) It is up to the SFL Club Representative to notify the appropriate SFL Age  
24 Group Commissioner when any members of the suspended team or coaches  
25 associated with the suspended team are placed on teams(s) that will be  
26 registered. The SFL Age Group Commissioner must approve each of these  
27 players(s) or coach(es) returning to the SFL before the two-season suspension  
28 is served.  
29

#### 30 D. Suspensions

- 31
- 32 1. Unserved suspensions carry over to the next season while the associated Individual  
33 Demerits and Team Demerits do not.  
34
- 35 2. Suspended players, coaches, and other individuals serving their suspension period are  
36 encouraged not to attend the game at all. If the individual desires to attend the team's  
37 game during a suspension period, the individual must receive the applicable SFL Club  
38 Representative's permission to attend any games where that individual is serving a  
39 suspension by 6:00 P.M. at least two days before the game is scheduled to be played. For  
40 example, if an individual is suspended for a game being played on Saturday and the SFL  
41 Club Representative decides to permit the individual to attend the game, then this decision  
42 must be made by 6:00 P.M. on Thursday night.  
43
- 44 a. The SFL Club Representative must also notify the SFL when this permission has been  
45 granted at the same time the individual is notified.  
46

- 1 b. If a non player receives the SFL Club Representative’s permission and does attend the  
2 game, the following applies.  
3  
4 (1) The individual should not be closer to the playing field than 100 yards beginning  
5 30 minutes before game time until the game is over. The fact that a game can be  
6 seen from a public street or sidewalk which may be closer than 100 yards does not  
7 relieve the coach, team official, parent, or a spectator from complying with this  
8 100-yard rule.  
9  
10 (2) The suspended individual will not be involved in any way with administration of  
11 the team during the game.  
12  
13 (3) If a player is granted permission to attend the game, then that player may be  
14 granted permission be the SFL Club Representative to sit on the bench with the  
15 other players if the player does not wear a uniform and it is clear to outsiders that  
16 the player is not eligible to participate in the game.  
17  
18 c. Since the tournament is only conducted during one weekend, any coach or other  
19 individual that is not a player who is asked to leave the field may not attend any of that  
20 team’s remaining games since these suspensions carry at least a two game suspension  
21 and a team will not play more than two games after the game in which the offense  
22 generating the suspension occurred.  
23  
24 d. A player receiving a red card that warrants a one game suspension, may attend and  
25 participate in that team’s third tournament game assuming that (1) the team plays three  
26 tournament games and (2) the red card was received in the first game. The player may  
27 also attend the team’s second tournament game without the SFL Club Representative’s  
28 approval when (1) the player does not wear a uniform and (2) it is clear to outsiders that  
29 the player is not eligible to participate in the game. In addition, the coach should  
30 highlight on the roster provided to the opposing coach and referee the player that is not  
31 able to play because of a suspension to avoid any conclusion on whether a player with  
32 that number is allowed on the field of play.  
33  
34 3. Suspensions involving individuals who have more than one role – An individual receiving  
35 a suspension may serve in more than one role. For example, the individual may coach  
36 more than one SFL team, or play for a team and coach an SFL team. The following  
37 governs what is considered serving the red card suspension.  
38  
39 a. Coach received a suspension and coaches more than one SFL Team – If a coach is  
40 suspended for an infraction while coaching an SFL team then the suspension period will  
41 be considered served when that team has played the number of games called for by the  
42 suspension. For example, assume that a coach receives a two game suspension because  
43 of a misconduct incident while coaching Team A. The coach is also considered  
44 suspended from coaching any other SFL teams until Team A has played two games.  
45

1 b. Coach receives a suspension and plays on an SFL team – If a coach is suspended for an  
2 infraction while coaching one SFL team and plays on another SFL team, then the  
3 suspension period will be considered served when the team that the player coached has  
4 played the number of games called for by the suspension. For example, assume that the  
5 coach receives a two game suspension because of a misconduct incident while coaching  
6 Team A. The coach cannot participate as a player in any SFL games until Team A has  
7 played two games.

8  
9 (1) The individual’s SFL Club Representative is responsible for notifying the SFL if  
10 the individual also plays for an SFL team.

11  
12 c. A player receives a suspension and coaches an SFL team – If a player is suspended for  
13 an infraction while playing on an SFL team and coaches an SFL team, then the  
14 suspension period will be considered served when the team to which the player is  
15 assigned has played the number of games called for by the suspension. For example,  
16 assume that the player receives a two game suspension because of a misconduct incident  
17 while playing for Team A. The player cannot participate as a coach for any SFL teams  
18 until Team A has played two games.

19  
20 (1) The individual’s SFL Club Representative is responsible for notifying the SFL if  
21 the individual also coaches an SFL team.

22  
23 4. Failure to serve a game suspension – A player will be considered as not serving the  
24 suspension period if (1) any player wears the same jersey number of the player who  
25 received the suspension, unless approval has been given by the appropriate SFL Age Group  
26 Commissioner, (2) the player who received the suspension plays in the game regardless of  
27 the jersey number, or (3) the suspended individual attends a game during the suspension  
28 period without obtaining the required approval from the SFL Club Representative, the team  
29 will also be assessed a forfeit.

30  
31 5. Games cancelled or games where the team receives a forfeit or scheduling forfeit are not  
32 considered as games played when determining whether a player has served a game  
33 suspension.

34  
35 **Example A**

36  
37 Player A receives a red card in week 5 and Player A’s next scheduled game in week 6 in  
38 cancelled due to weather and the team’s next game is during week 7. Player A would be  
39 required to serve the suspension during the game scheduled for week 7.

40  
41 **Example B**

42  
43 Player A receives a red card in week five. During the next game that Player A’s team plays  
44 (week 6), Player A’s team is assessed a forfeit because it did not have a proper roster.  
45 Player A would be required to sit out the next game that Player A’s team plays, e.g., the  
46 week 7 game.

1 6. Suspension notices – Unless the team is expected to play its next game within two days of  
2 the game in which the suspension offense was incurred, the SFL will normally send the  
3 suspension notices by Wednesday or Thursday of the following week. This allows the  
4 impacts of game rescheduling and forfeits to be determined prior to the notice being sent.  
5 It is up to the applicable SFL Club Representative to ensure that any other individuals  
6 suspended from a game do not appear at the game. The following governs the suspension  
7 notices.

8  
9 a. Effects of scores not being reported – As noted elsewhere, game scores that are not  
10 reported by 6:00 P.M. on Monday results in both teams being assessed scheduling  
11 forfeits. As noted elsewhere, games where a team has been assessed forfeits for any  
12 reason are not considered games where an individual has served their suspension and  
13 the required suspension will become applicable to the upcoming week. It does not  
14 matter if subsequent to the notice that the SFL is notified that the game was played and  
15 the suspension was served. The individual must still not participate in the upcoming  
16 game.

17  
18 **Example**

19  
20 Assume that Player A was expected to serve the final suspension for an infraction in  
21 week 5. However, no score was reported for the game by Wednesday when the  
22 suspension notices for week 6 are prepared. Accordingly, both teams were assessed  
23 scheduling forfeits. Since the team was assessed a scheduling forfeit, Player A is  
24 considered not to have served the required suspension and a suspension notice for week  
25 6 is prepared for Player A. After receiving the week 6 notice, Player A's team notifies  
26 that SFL of the week 5 game score and states that Player A served the suspension during  
27 that game. Since the suspension notice has already been sent, Player A is also  
28 suspended for the week 6 game since (1) the team had adequate time to report the game  
29 score for the week 5 game, (2) could easily determine from the web site that the score  
30 had not been received by the SFL, and (3) only one team must report the score to avoid  
31 this penalty even if it is not Player A's team.

32  
33 b. Players' name and uniform number issues – The information reported on player  
34 infractions that result in game suspensions is compared to the information contained on  
35 the Master Player Roster submitted by the player's club. When significant differences  
36 arise, the coach is contacted to confirm the information reported, e.g., the game report  
37 says John Smith was wearing 22 while the master Player Roster shows that Sam Jones  
38 wears that number. If significant differences still exist when the suspension notices are  
39 prepared, then the suspension notification will contain those differences(s) and no player  
40 may play whose name or uniform number(s) appear on that notice.

41  
42 **Example A**

43  
44 A game report is received which states that Johnnie Smith wearing uniform number 22  
45 committed an offense that warranted a game suspension. The Master Player Roster  
46 shows that uniform number 22 was assigned to John Smith. Since this is not considered

1 a significant difference, the coach is not contacted and the suspension notice will show  
2 both names.

3  
4 **Example B**

5  
6 A game report is received which states that John Smith wearing uniform number 22  
7 committed an offense that warranted a game suspension. The Master Player Roster  
8 shows that uniform number 22 was assigned to Sam Jones. The coach (1) does not  
9 respond to the request for clarification when the suspension notice is prepared, or (2)  
10 confirms that the reported name and uniform number was correct, or (3) states that the  
11 Master Player Roster contains the incorrect uniform number for Sam Jones. However,  
12 in the latter case, the necessary change to correct the uniform number of Sam Jones is  
13 not submitted by the club by the Wednesday deadline for making changes to the Master  
14 Player Roster and is not available for the preparation of the game suspension notices.  
15 The suspension notice will contain both John Smith and Sam Jones as the players being  
16 suspended and that no player wearing the uniform number of 22 may play. The penalty  
17 for both players is imposed since (1) the coach had an opportunity to correct the actual  
18 name and (2) if the problem was caused by a Master Player Roster issue, the club had  
19 time to make the necessary corrections prior to the suspension notice being prepared.  
20

21 **Example C**

22  
23 A game report is received which states that John Smith wearing uniform number 22  
24 committed an offense that warranted a game suspension. The Master Player Roster  
25 shows that uniform number 25 was assigned to John Smith. The coach (1) does not  
26 respond to the request for clarification when the suspension notice is prepared, or (2)  
27 confirms that the reported name and uniform number was correct, or (3) states that the  
28 Master Player Roster contains the incorrect uniform number for John Smith. However,  
29 in the latter case, the necessary change to correct the uniform number of John Smith is  
30 not submitted by the club by the Wednesday deadline for making changes to the Master  
31 Player Roster and is not available for the preparation of the game suspension notices.  
32 The suspension notice will state that John Smith is being suspended and that the  
33 uniform numbers 22 and 25 are not eligible to play. Accordingly, no players on the  
34 team wearing uniform numbers 22 or 25 may participate in the game since the rules  
35 state that no one may wear the uniform number of a suspended player. If another player  
36 on the team is wearing the number 22, then that player is also not eligible to play. The  
37 penalty for both players is imposed since (1) the coach had an opportunity to correct the  
38 actual name and uniform number combination and (2) if the problem was caused by a  
39 Master Player Roster issue, the club had time to make the necessary corrections prior to  
40 the suspension notice being prepared.  
41

- 42 E. Club Review of Disciplinary Issues – The applicable SFL Age Group Commissioner or SFL  
43 Commissioner may request a club to review any incident that involves individual or team  
44 misconduct.  
45

1 F. Conduct Detrimental to the League – A team may be placed on probation during the current  
2 and/or subsequent season, regardless of whether any Team Demerits are assigned, because the  
3 conduct of the coach, player(s), and/or other individuals are detrimental to the league.  
4

5 1. The Appropriate SFL Age Group Commissioner or SFL Commissioner will document the  
6 reason(s) that a team should be considered being placed on probation for conduct  
7 detrimental to the league. Once the document is prepared, it is submitted to the remaining  
8 SFL Age Group Commissioners for review.  
9

10 a. If a majority of the SFL Age Group Commissioners agree that the team should be placed  
11 on probation, then the applicable SFL Club Representative is formally contacted to  
12 obtain his/her views on the proposed probation. The SFL Club Representative will have  
13 one week in which to provide a formal response. If no response is received within that  
14 time, the SFL will consider that the SFL Club Representative agrees with the proposed  
15 probation.  
16

17 (1) Each SFL Age Group Commissioner will have one vote and a tie is broken by the  
18 SFL Commissioner. If a person holds more than one SFL Age Group  
19 Commissioner position, then that individual is allowed one vote. If the SFL  
20 Commissioner also holds an SFL Age Group Commissioner position and the vote  
21 is tied, then the SFL Commissioner may not break the tie and the team will not be  
22 placed on probation for conduct detrimental to the league.  
23

24 2. Once the SFL Club Representative has provided a formal response to the proposal to place  
25 a team on probation, the appropriate SFL Age Group Commissioner will review the  
26 response and opine on whether the proposed probation should be enforced. The SFL Age  
27 Group Commissioners will then vote on whether the proposed probation should be  
28 finalized using the same voting process that is used for proposing a team for probation.  
29 The applicable SFL Club Representative will then be notified of the final decision. If the  
30 original request was received from another SFL Club Representative, then that SFL Club  
31 Representative will also be notified of the final decision. No appeal of this decision is  
32 available.  
33

34 3. Teams placed on probation during the season will automatically be placed on probation for  
35 the following season.  
36

37 a. A team placed on probation will be suspended from the remaining games of the season  
38 when (1) the team accumulates four (4) Team Demerits for any reason during the season  
39 or (2) is considered to have conducted another offense that warrants another decision  
40 that the team has demonstrated conduct detrimental to the league. If a team has already  
41 accumulated four (4) Team Demerits prior to the decision that it has demonstrated  
42 conduct detrimental to the league, then (1) the team is automatically suspended for the  
43 remainder of the season and (2) automatically placed on probation for the following  
44 season.  
45

1 G. Complaints and Protests – Only an SFL Club Representative, President or equivalent of a  
2 club’s governing body can submit formal complaints or protest a game. SFL Club  
3 Representatives or Club Presidents who wish to protest a game or provide a formal complaint,  
4 must notify the appropriate SFL Age Group Commissioner in writing within hours after the  
5 match with a copy to the SFL Commissioner. Coaches and any other club officials are not  
6 allowed to file formal complaints or protests directly with the SFL. Although the SFL Club  
7 Representative of Club President may request other individuals to help the SFL Club  
8 representative or Club President file a complaint or protest, the applicable SFL Age Group  
9 Commissioner is only responsible for accepting information from and discussing the  
10 complaint or protest with the SFL club Representative or Club President who is acting on  
11 behalf of the club. Only one individual may act on behalf of the club during the complaint or  
12 protest process.

13  
14 1. The formal complaint or protest must include:

15 a. The time and location of the match

16  
17 b. The team names and age group

18  
19 c. The nature of the complaint or protest (referee judgment is not considered an item for  
20 protest)

21  
22 d. The referee’s name, address, and phone number (if known)

23  
24 e. The opposing teams coach’s name and other significant witnesses.

25  
26  
27 2. During tournament play, a phone report may be made by the SFL Club Representative but  
28 must include the above information. The protest will be handled by the applicable SFL  
29 Age Group Commissioner.

30  
31 3. The SFL Age Group Commissioner is responsible for making the initial decision on an  
32 appeal unless that individual is affiliated with a club involved in the protest. The  
33 appropriate person making the protest may; appeal the SFL Age Group Commissioner’s  
34 decision to the SFL Commissioner whose decision is final.

35  
36 a. If the SFL Age Group Commissioner is affiliated with a club involved in the protest,  
37 then the protest will be heard by the SFL Commissioner, unless the SFL Commissioner  
38 is affiliated with a club involved in the protest, whose decision is final.

39  
40 b. If the SFL Commissioner is affiliated with a club involved in the protest, than the SFL  
41 Age Group Commissioner’s decision is considered final and cannot be appealed.

42  
43 c. If both the SFL Age Group Commissioner and SFL Commissioner are affiliated with a  
44 club involved in the protest, then the protest will be heard by an SFL Age Group  
45 Commissioner that is not Affiliated with any of the clubs involved in the protest. The

1 SFL Administrator will determine which SFL Age Group Commissioner should hear the  
2 protest. The decision of this SFL Age Group Commissioner is considered final and may  
3 not be appealed.  
4

5 **Discussion**  
6

7 In the past, the SFL has received many protests which should not have been filed or  
8 requested to review actions which are the responsibility of a given club. For example,  
9 games were protested because of referee decisions. The SFL recognizes that protests or  
10 formal complaints are not appropriate for many conditions that a coach or club believes  
11 warrants additional review by a club. Therefore, the SFL will accept informal  
12 complaints and forward them to the appropriate club for informational purposes. The  
13 SFL is not responsible for following up to determine what actions were taken by a given  
14 club on informal complaints.  
15

16 H. Video Evidence – The SFL is willing to accept video evidence to support a given disciplinary  
17 issue. However, it is up to the appropriate SFL Age Group Commissioner to determine the  
18 extent that the information is used in arriving at a decision. The following guidelines have  
19 been adopted by the SFL in guiding the decision on the extent that video evidence will be  
20 used.  
21

- 22 1. Video evidence will normally be considered in reviewing such matters as (1) deciding  
23 whether a team used illegal players that were not able to be detected through the roster  
24 checking or roster challenge process and (2) whether physical altercations that would  
25 warrant a two-game suspension may have occurred on or off the field of play that were not  
26 detected by the officiating crew.  
27
- 28 2. Video evidence will not be considered in requests to overturn referee decisions such as  
29 whether (1) a goal was or was not scored, (2) a red card should be reduced to a yellow card,  
30 etc. In addition, it will not be used to evaluate subjective items such as whether a player or  
31 team is “too physical.” Such issues should be addressed with the team’s SFL Club  
32 Representative. As noted elsewhere, when a club is concerned about a team’s “level of  
33 play,” the club may request the SFL to review the matter as conduct that is detrimental to  
34 the league. In such cases, video evidence may be allowed by the SFL.  
35

36 **XIII. Law 13 – Free Kicks**  
37

38 A. There are no SFL administrative rules for this law of the game.  
39

40 **XIV. Law 14 – The Penalty Kick**  
41

42 A. There are no SFL administrative rules for this law of the game.  
43

44 **XV. Law 15 – The Throw in**  
45

46 A. There are no SFL administrative rules for this law of the game.
