## **Prologue**

This document explains the Suburban Friendship League's administrative requirements as they pertain to each Law of the Game. It is not the intent of the SFL to alter, change, or modify any of the laws of the game as presented by the International Federation Association Board and US Soccer. Members can find the latest "Laws of the Game," by going to the US Soccer web site, <http://www.ussoccer.com/referees/laws-of-the-game>, for the most recent updates. Nothing in these rules precludes a club from imposing more stringent rules on their own teams.

The SFL's administrative requirements have evolved over the years due to situations brought to the attention of the SFL Commissioners by the clubs. The SFL's administrative requirements are designed to provide guidelines, common operating procedures, and rules to facilitate cooperation between the clubs and, if necessary, consistent disciplinary actions.

While all the "Laws of the Game," are enumerated in this document, not all laws will have an administrative requirement attached to it.

**SFL Administrative Rules For  
The Laws of the Game**

**I. Law 1 – The Field of Play**

A. If a team does not believe that a game is being played on a field that is not compliant with the applicable field guidelines, the coach should play the game and then notify the appropriate SFL Club Representative of the problems. The SFL Club Representative may then request the SFL to review the matter and make a decision on whether a forfeit should be awarded.

1. Forfeits will not be awarded for the following conditions.

- a. Fields that are properly sized but the markings are not entirely compliant with the applicable guidelines.
- b. Corner flags not being present.

**II. Law 2 – The Ball**

A. There are no SFL administrative rules for this law of the game.

**III. Law 3 – The Players**

A. SFL Team Roster Presentation – Each coach is expected to provide a **paper copy** of the SFL Team Roster to the opposing coach (and referee if requested) before the start of each game.

1. If a team is unable to provide a **paper copy** of the SFL Team Roster to the opposing team, the opposing team may declare a forfeit (forfeits are mandatory during the tournament). **Electronic copies of SFL Team Rosters are not acceptable substitutes.**

a. If a SFL Team Roster is requested but not provided and both teams agree to play (regular season games only), then neither team can request a forfeit because a roster was not available.

(1) If a forfeit is accepted because of a roster problem, then the teams should leave the field. In other words, the teams should not use the game as a scrimmage.

B. Player eligibility

1. General eligibility

a. All players must be registered with the proper state soccer association (e.g., Virginia Youth Soccer Association), listed in that state soccer’s recreational player data base and has adequate insurance, as defined by the state association for their players. A player must be registered with an associated club and meet their requirements for being a recreational or house player.

- 1  
2 (1) Players can only appear on one (1) SFL Team Roster.  
3  
4 (2) Special exception for recreational players  
5  
6 (a) Under no circumstances may a SFL player participate on a travel team on a  
7 weekend which the SFL normally has scheduled games. Some travel leagues  
8 may allow recreational players to play on a travel team as a guest player. This  
9 is allowed under the following conditions:  
10  
11 (i.) The player does not routinely practice with the travel team. One-time  
12 “tryouts” are allowed.  
13  
14 (ii.) Travel tournaments – The player is playing for a travel team  
15 participating in a tournament that occurs either (1) before the first  
16 weekend of the SFL season, (2) after the last weekend of the SFL season,  
17 or (3) during a week when the SFL does not hold games, e.g., holiday  
18 weekends. The SFL must be notified by Email of the player’s name and  
19 date of birth along with the game dates that the player is playing for the  
20 travel team if the game dates fall between the start and end of the SFL  
21 season, e.g., holiday weekends.  
22  
23 b. If a player played on a travel or select team during the previous season, the player  
24 should complete SFL Form 3 (Player No Longer Playing Travel or Select Soccer). This  
25 form should also be signed by the Coach and SFL Club Representative. A copy should  
26 be sent by Email to the SFL with the original maintained by the coach. Players  
27 appearing on this form and complying with its certifications are not considered travel or  
28 select players.  
29  
30 c. Ineligible and illegal players  
31  
32 (1) **Ineligible players** are players assigned to the team but are not eligible to play for  
33 some reason and the opposing coach has not given the player permission to play.  
34 Ineligible players are not the same as illegal players. However, as discussed  
35 elsewhere, an ineligible player may become an illegal player and the penalties for  
36 using an illegal player apply. When the SFL determines that the ineligible player  
37 used was inadvertent or an administrative error then no penalties will be imposed.  
38 The penalty for using an ineligible player when the SFL concludes that the use was  
39 advertent or not an administrative error includes a forfeit for the game where the  
40 ineligible player was used. Examples of ineligible players include the following.  
41  
42 **Example A**  
43  
44 Player’s name does match the roster during a roster check and the name is not a  
45 common nickname for the name shown on the SFL Team Roster, e.g., player goes  
46 by the nickname name of “Dusty” while the roster shows “Sam.” Examples of

1 common nicknames include Charlie for Charles, Sue for Susan, Ted for Theodor,  
2 Sam for Samantha, etc.

3  
4 **Example B**

5  
6 Player's birth date does not agree with SFL Team Roster during a roster check.  
7

8 **Example C**

9  
10 SFL Team Roster shows roster issues for the player, e.g., duplicate uniform  
11 number, no uniform number, etc.  
12

13 **Example D**

14  
15 Player shows up at a game (1) with a different uniform number than the Assigned  
16 Number on the SFL Team Roster and (2) the SFL Team Roster does not show the  
17 player's actual number in the Game Day Number as one of the allowable uniform  
18 number changes.  
19

20 (2) **Illegal players** include (1) travel players, regardless of whether they are shown on  
21 the SFL Team Roster, (2) players shown on the SFL Team Roster but declared  
22 ineligible during a player validation and later used in the game, and (3) players not  
23 shown on the SFL Team Roster. The penalties for using illegal players include  
24 forfeits for the games where illegal players are used and the team may be excluded  
25 from the SFL tournament.  
26

27 (a) If a SFL player participates in a regular season travel game, then (1) the club  
28 must notify the SFL of the player's name and birth date and (2) ensure that the  
29 player no longer plays on the SFL team. Subsequent participation of the  
30 player in SFL games will result in game forfeits and the team's elimination  
31 from the SFL tournament.  
32

33 (b) VYSA's Olympic Development Program (not the VYSA Developmental –  
34 Olympic Development Program).  
35

36 (c) Players who are listed in the Virginia Youth Soccer Association (VYSA)  
37 travel data base (or any other state youth travel soccer database) and those  
38 players who participate in travel/select programs may not participate, except  
39 as noted above.  
40

41 **Discussion**

42  
43 The following examples illustrate how the SFL will determine (1) whether the definition  
44 of an ineligible or illegal player will be used in sample situations and (2) whether any  
45 penalties apply when an ineligible player is used. These examples are not designed to

1 cover all possible situations and the appropriate SFL Age Group Commissioner will  
2 make the final determination.

3  
4 **Example A**

5  
6 A travel player is found on the roster of Team A after the week 3 game is played. This  
7 player is considered as an illegal player and Team A is assessed forfeits and Team  
8 Demerits for the 3 games that have been played regardless of whether the player actually  
9 played in the game. Additional penalties may apply depending on whether the coach  
10 knew about the illegal player.

11  
12 **Example B**

13  
14 A player is shown on the SFL Team Roster as having a roster issue, e.g., missing  
15 uniform number, duplicate uniform number, etc. During the roster exchange process,  
16 the opposing coach tells the other coach and the game official that the player cannot be  
17 used. During the game, the player is found participating in the game. The game official  
18 is notified and confirms that the player in question did participate in the game. The  
19 player is considered an illegal player knowingly used by the coach and the applicable  
20 penalties apply. Although the player was shown on the roster was an ineligible player,  
21 when the coach was told by the opposing coach that the player could not be used and  
22 was then used, the player became an illegal player.

23  
24 **Example C**

25  
26 A player is shown on the SFL Team Roster as having a roster issue, e.g., missing  
27 uniform number, duplicate uniform number, etc. During the roster exchange process,  
28 neither coach discusses the roster issues shown on the SFL Team Roster. During the  
29 game, the player is found participating in the game. The game official is notified and  
30 the opposing coach requests that the player be removed from the field. The player's  
31 coach complies and the player no longer participates in the game. The player is  
32 considered as an ineligible player that was used and the use of this player is considered  
33 as an inadvertent or an administrative error. Accordingly, no penalties are assessed.

34  
35 **Note:** If the player in question was used after the player's coach and game official had  
36 been told by the opposing coach that the player could not play, then the use of this  
37 player is considered an illegal player knowingly used by the coach and the applicable  
38 penalties apply.

39  
40 **Example D**

41  
42 A player is shown on the SFL Team Roster as having a roster issue, e.g., missing  
43 uniform number, duplicate uniform number, etc. During the roster exchange process,  
44 neither coach discusses the roster issues shown on the SFL Team Roster. After the  
45 game, the opposing coach sees a picture of the opposing team that shows a player on the  
46 field whose number does not agree with any of those shown on the SFL Team Roster.

1 The player is considered as an ineligible player that was used and the use of this player  
2 is considered as an inadvertent or an administrative error. Accordingly, no penalties are  
3 assessed. The rationale used is that there is no evidence that an illegal player was used,  
4 e.g., no roster challenge was used to ascertain the identity of the player, the coach did  
5 not ask the game official or team with the player in question to not use the player, etc.  
6 Accordingly, the coach with the player in question could have addressed the problem by  
7 simply using one of the three (3) allowed number corrections for regular season games,  
8 etc.  
9

10 **Note:** If the SFL Team Roster provided to the opposing coach showed that the allowed  
11 number of uniform number changes, e.g., three (3) for a week 5 regular season game,  
12 then the player in question would be considered as an illegal player. The rationale for  
13 this decision is that the coach had shown the other coach that the maximum of three (3)  
14 player uniform number changes had been used and the player in question would have  
15 resulted in four (4) players having uniform number changes. Accordingly, the coach  
16 was required to get the opposing coach's permission. Since the coach did not get the  
17 opposing coach's permission, the use of the player in question is considered as a  
18 deliberate attempt by the coach to use a player that was not eligible to play and the  
19 applicable penalties apply.  
20

### 21 **Example E**

22  
23 The coach for Team A requests a SFL Team Roster from Team B for a regular season  
24 game. Team B's coach says that he left the SFL Team Roster in his car or that he left it  
25 at home and he will have someone get it so that the other coach will have it by halftime.  
26 The coach for Team A agrees to play the game with the expectation that (1) a paper  
27 copy of the SFL Team Roster will be provided at half time and (2) no changes, such as  
28 uniform numbers, are needed to it other than those identified by Team B's coach at the  
29 start of the game. For example, Team B's coach could tell the coach from Team A at  
30 the start of the game that the player wearing number 22 normally wears uniform number  
31 14 but picked up the wrong jersey for today's game. Since this would be an allowable  
32 uniform number change if the SFL Team Roster were present, this would be handled  
33 using the normal procedures and not considered as an attempt by Team B to use an  
34 ineligible player. At half time, the coach from Team B provides Team A a copy of the  
35 SFL Team Roster. Team A's coach sees that the players on the field are wearing the  
36 uniform numbers shown on the SFL Team Roster except for a player wearing the  
37 number 22 which is shown as a uniform number change on the paper SFL Team Roster  
38 provided at halftime. Since the coach from Team B had told Team A about this change  
39 prior to the start of the game, Team A has not used an ineligible player. On the other  
40 hand, if the SFL Team Roster for Team B showed roster issues such as missing uniform  
41 numbers and duplicate uniform numbers for players on the field and these issues had not  
42 been discussed with Team B prior to the start of the game, then Team B would be found to  
43 have used at least one ineligible player. Accordingly, the applicable penalties would be  
44 assessed to Team B, e.g., game forfeiture and suspension of the coach as called for in  
45 the rules.  
46

1           **Note:** If Team B does not produce the roster by the time promised for a regular  
2 season game, e.g., halftime, then the game should continue until the  
3 completed. Team A can then request the SFL to award a forfeit since the  
4 coach of Team A had waived the forfeit at the start of the game with the  
5 understanding that a SFL Team Roster would be provided and was willing to  
6 give Team B additional time to produce the roster so that the players could  
7 play. On the other hand, if the coach of Team A had waived the presentation  
8 of the roster at the start of the game, then no forfeit can be requested.  
9

10           **Example F**

11  
12           The birth date for a player on the Team A’s SFL Team Roster is incorrect. The coach  
13 for Team A notices the discrepancy and tells their SFL Club Representative who  
14 validates that the player is still eligible to play on that team. However, the date for  
15 submitting changes to the Master Player Roster for that week has passed. Team A’s  
16 coach notifies the opposing team of the error in the birth date prior to the start of the  
17 game and Team B’s coach agrees to let the player play. Since Team B’s coach has  
18 agreed to waive the SFL Team Roster issue, Team A no longer has an ineligible player.  
19 On the other hand, assume that Team B is not notified of the birth date error at the start  
20 of the game and Team B requests the game official to validate the players shown on the  
21 SFL Team Roster presented by Team A. During this process, the birth date error is  
22 identified. Team A would be considered as having used an ineligible player, even if the  
23 Team B’s coach had agreed that the Team A could use this player after the roster  
24 validation, since Team B had not been notified in advance of the birth date discrepancy.  
25 The rationale for this decision is the following.  
26

- 27           • Changes shown on the SFL Team Roster, like uniform numbers not matching the  
28 SFL Team Roster that are allowed, provide the opposing coach an opportunity to  
29 make a decision on whether to request the game official to validate the player(s) in  
30 question or tell the coach that the player may not play since the birth dates do not  
31 agree.  
32
  - 33           • Since the opposing coach was not notified in advance of the birth date discrepancy,  
34 Team B’s coach was never given an opportunity to eliminate the player from  
35 playing before a subsequent event, such as a roster validation request, that may  
36 have originated for some other reason identified the ineligible player.  
37
- 38           2. Player validations are conducted through the official present using that team’s SFL Team  
39 Roster. In some cases, e.g., regular season games, the player validation process may only  
40 be needed for a specific player or players while in the tournament all players on a team are  
41 validated. The player(s) line up by uniform number and each player is validated by stating  
42 their name and birth date when the game official calls their uniform number.  
43
- 44           a. Player issues include but are not limited to (1) name/birth date provided by the player  
45 does not agree with the SFL Team Roster, (2) uniform number worn does not agree with

1 SFL Team Roster, (3) SFL Team Roster shows player issues such as missing uniform  
2 numbers, duplicate uniform numbers, etc.

- 3  
4 b. Player issues shown on the SFL Team Roster or detected during the player validation  
5 process are considered ineligible to play in that game unless (1) the opposing coach  
6 waives the suspension (regular season games only) or (2) a SFL official waives the  
7 suspension.  
8  
9 c. Players may be required to spell their name or sign their name on a blank piece of paper  
10 if required by the official.  
11

12 **Note:** Common nicknames are exempt from the matching name requirement while  
13 uncommon nicknames are not. For example, a player that goes by the nickname name of  
14 “Dusty” should be shown on the roster if the name on the roster shows “Sam” since this  
15 is not a common nickname. Examples of common nicknames include Charlie for  
16 Charles, Sue for Susan, Ted for Theodor, Sam for Samantha, etc. Accordingly, if the  
17 SFL Team Roster shows the player name Samantha Jones but the player says Sam  
18 Jones, then this is not considered as a roster name issue.  
19

- 20 d. Coaches should ensure that their players understand the information that will be  
21 requested by the official conducting the player validation. However, the coach may not  
22 tell a player how to answer the questions, e.g., the coach may not tell the player the birth  
23 date that should be provided. Any instructions provided by the coach to the team  
24 concerning how the process works should be made in the presence of the official  
25 conducting the review.  
26  
27 e. When a player validation is performed during a regular season game, a report on the  
28 results must be submitted to the SFL by both coaches. The report will include (1) team  
29 making the request and reason for the request, (2) game reference number, (3) game  
30 date, (4) game field, (5) result of the validation, and (6) the details associated any  
31 discrepancies. If no discrepancies were noted, then this should also be reported. Based  
32 on the reports received, the SFL Age Group Commissioner will make a decision on the  
33 appropriate penalties that should be applied should a discrepancy be noted.  
34

35 3. Tournament player validation is required for all tournament games.  
36

- 37 a. When player validations are being performed for tournament games, a team  
38 representative from each team must be present during the player validation process.  
39 This representative does not have to be the coach.  
40

#### 41 **Suggestion** 42

43 Team representatives and game officials are encouraged to clearly annotate on the  
44 applicable SFL Team Rosters to show the players that have undergone validation  
45 process. For example, assume that the SFL Team Roster shows 18 players and 15

1 players have been validated. Placing a check mark next to these 15 names makes it easy  
2 to determine whether a uniform number on the field has been properly validated.  
3

4 b. Player validations are performed as follows.  
5

6 (1) Initial player validation – required to be performed before the start of each  
7 tournament game. Game officials may not be requested to perform a player  
8 validation on arriving players after the initial validation until the second half.  
9

10 (2) Second half – Any late arriving players after the initial validation are validated  
11 before the start of the second half. Players missing the second half validation are  
12 not eligible to play in the game.  
13

14 (3) Validation for suspected ineligible and illegal players during the game.  
15 Specifically, a team may request the game official to confirm that a player the team  
16 believes has not been validated has participated in the game.  
17

18 c. Players whose uniform numbers do not agree with the SFL Team Roster or where the  
19 SFL Team Roster shows player issues are not allowed to play.  
20

21 d. Players that have not been validated must leave the “team area” on the field or take  
22 other actions, such as replacing their uniform jersey with some other form of clothing,  
23 so that there is no confusion on the players that have undergone a validation and are  
24 allowed to play.  
25

## 26 C. Age Groups

27

28 1. A player must meet the USSF birth date requirements for their age group.  
29

30 2. A club must register all their recreational players for each age group for which they wish to  
31 participate.  
32

33 3. The SFL Age Groups are: 11, 12, 13, 14, 16, and 19. The SFL encourages the clubs to only  
34 assign players whose birth dates comply with their team’s age group.  
35

36 4. Playing up is allowed as shown below. **WAIVERS WILL NOT BE GRANTED.**  
37

1                   **Age Group Matrix**  
2

3

<b>Team Age Group</b>	<b>Player’s Actual Age Group</b>
Under 11	Under 9, 10, and 11
Under 12	Under 10, 11, and 12
Under 13	Under 11, 12, and 13
Under 14	Under 12, 13, and 14
Under 16	Under 14, 15, and 16
Under 19	Under 15, 16, 17, 18, 19

4  
5  
6  
7  
8  
9

10  
11                   5. Medical Waivers  
12

13                   a. Requests for play down waivers are only granted for medical reasons and the SFL Club  
14                   Representative must provide the following information:

- 15  
16                   (1) A signed statement from the parents/guardians requesting permission for the child  
17                   to play down, with a brief description of the reason for the request.  
18  
19                   (2) A signed statement from a doctor explaining the medical condition that requires  
20                   the player to play down.  
21  
22                   (3) A signed statement from the club’s Board of Directors that they have reviewed the  
23                   application and believe that the player should be allowed to play down for medical  
24                   reasons. The individual signing this determination for the Board must (1) is a  
25                   Board Member or (2) someone other than the SFL Club Representative or a coach  
26                   in the SFL.  
27  
28                   (4) If the request is granted, the waiver will state on the SFL Team Roster that the  
29                   waiver is a medical waiver but it will not provide the reason the medical waiver  
30                   was granted.  
31  
32                   (5) Clubs must submit a request each season for medical waivers even if a request has  
33                   been approved in prior seasons. This request must include a new determination by  
34                   the applicable club’s board that the player should be granted a medical waiver.  
35  
36                   (6) **All requests for medical waivers must be submitted prior to March 31 for the**  
37                   **spring season and August 31 for the fall season.**  
38

39                   D. Substitutions – Substitutions may be made under the following conditions:

- 40  
41                   1. After a goal.  
42

- 1 2. Prior to a goal kick.
- 2
- 3 3. Prior to the start of the second half.
- 4
- 5 4. Prior to a throw-in by the team in possession. The opposing team may only substitute if
- 6 the team in possession substitutes.
- 7
- 8 5. For an injury when the injured player is replaced. The opposing team may also substitute a
- 9 player at that time.
- 10
- 11 6. After a player caution, at the request of the player's coach. Only the cautioned player may
- 12 be replaced with a substitute at that time.
- 13
- 14 7. At water breaks, if stoppage for the break occurs during one of the above substitution
- 15 opportunities. Referees are encouraged to schedule water breaks during substitution
- 16 opportunities for both teams.
- 17

#### 18 E. Team Size

- 19
- 20 1. All players in good standing must play at least 50 percent of the game. The applicable club
- 21 is responsible for defining what is considered good standing.
- 22
- 23 2. Minimum
- 24
- 25 a. 11 v 11 format – 7 players
- 26
- 27 b. 9 v 9 format – 6 players
- 28
- 29 3. Maximum
- 30
- 31 a. 11/12 age groups – 20 players
- 32
- 33 b. 13/14 age groups – 22 players
- 34
- 35 c. 16/19 age groups – 25 players
- 36

37 **Note:** These limits were established to help satisfy the 50 percent playing time rule.

#### 38 F. Play Down Rule

- 39
- 40
- 41 1. If the number of field players that appear for a game is equal to the minimum required for a
- 42 legal team and not more than the maximum field players allowed, all players must play.
- 43 **No players may be designated as substitutes.**
- 44
- 45 2. The team with the higher number of field eligible players may play no more than two (2)
- 46 players above the opposing team's field eligible players.

- a. The above rule also applies when players from the team with the lesser number of players leave a game due to injury or illness.
  - b. Red carded players on the team with the lesser number of players, does not cause the team with more players to play down.
3. The maximum number of field players will be equal to the maximum number of field players allowed minus (1) removal of red carded players and (2) the number of players allowed due to the Mercy Rule being enforced.

**Example**

Team A starts the game with eight (8) players and two (2) additional players arrive later. A player on Team A is required to leave the field because of a red card or a mandatory reduction caused by the mercy rule. Team A may now play nine (9) players. This is computed as follows: Original players (8) plus late arriving eligible players (2) less mandatory player reduction (1).

**G. Combining Teams for the Tournament**

1. If a club decides that it cannot field all its teams within an age group, the club may request permission from the appropriate SFL Age Group Commissioner to combine two teams to form a “tournament team.” If this permission is granted then the following conditions apply.
  - a. The higher ranked team is used to determine the tournament group for the combined team.
  - b. The SFL Club Representative will prepare and submit to the SFL, a revised Master Player Roster on the Monday after the last regular season game.
    - (1) The “combined roster” must only use players currently shown on the two teams being combined.
    - (2) The maximum number of players that may be used on this combined team is (1) fourteen (14) for the 11/12 age groups and (2) sixteen (16) players for the 13 and above age groups.

**IV. Law 4 – The Players Equipment**

**A. General requirements**

1. If it is determined that the form used by a coach is not a form generated by the SFL, it is an automatic forfeit, regardless if all the information on the form is correct.

- 1 2. Coaches are required to inform their SFL Club Representative, as soon as possible, of any  
2 changes that are needed for their roster.  
3

4 **Suggestion:** Coaches can require their players to wear their jerseys to practice to  
5 record/validate their uniform number. Additionally, the date of birth, correct spelling of  
6 the name can be validated. Any changes should then be forward to the SFL Club  
7 Representative for submission to the SFL.  
8

- 9 B. Jersey Issues – It does not matter what jersey color is worn by a team as long as no color clash  
10 exist and uniform numbers are consistent with SFL Team Roster. Teams are encouraged to  
11 only wear the primary uniform color as shown on the SFL web site to prevent unanticipated  
12 color clashes on game day.  
13

- 14 1. **Color Clashes** – Color clashes requiring the home team to resolve the color clash can only  
15 exist when the primary color shown on the SFL web site is the same for both teams. The  
16 home team is responsible for resolving such color clashes.  
17

- 18 a. Color clashes when the primary color shown on the web site for both teams is the same  
19 the following may be used to resolve the conflict.  
20

- 21 (1) One team wearing an alternate jersey color that has uniform numbers consistent  
22 with the SFL Team Roster.  
23

- 24 (a) The SFL does not require clubs to provide players with an alternate color  
25 jersey that is consistent with the official club jersey or pennies. The alternate  
26 color jerseys can be as simple as a consistent color T-Shirt (such as white) that  
27 has the player’s proper uniform number on the back made with a permanent  
28 marker.  
29

- 30 (2) Pennies of a different color may be used by either team with the opposing coach’s  
31 consent.  
32

- 33 b. When game day color clashes results from one or both teams not wearing their primary  
34 uniform colors, then the team(s) not wearing the primary color shown on the web site  
35 for that team must change into the uniform color shown the web site. It is possible for  
36 both teams to have to change uniforms, e.g., both teams are wearing white when white  
37 is not the primary color shown on the web site for either team.  
38

39 **V. Law 5 – The Referee**  
40

- 41 A. All referees must be USSF certified.  
42

- 43 B. Referees are encouraged to visit [www.ussoccer.com/referees](http://www.ussoccer.com/referees) for additional information.  
44

1 C. Clubs are expected to provide adequate officials for the games. If adequate officials cannot be  
2 provided, then (1) the visiting team should be notified by Friday night that the game cannot be  
3 played and (2) a forfeit will be assessed to the home team.  
4

5 1. It is recognized that, in most cases, the coach of the home team has very little, if any,  
6 control over whether officials will be present for a game. Therefore, should a situation  
7 arise in which at least one USSF certified official is not present by game time plus 15  
8 minutes, the visiting team is encouraged to select one of the following options rather than  
9 accepting the forfeit and leaving the field of play.  
10

11 a. **Option 1** – Reschedule the game for a later date. (In this situation, the home team may  
12 want to consider offering to play at the visiting team’s home field.)  
13

14 b. **Option 2** – Play the game and using team officials agreeable to both coaches. Should  
15 this option be adopted, the game results are binding and neither team may request a  
16 forfeit.  
17

18 (1) If the two coaches believe that a safe and effective match can be played, then they  
19 should play as long as the safety and the rules of the sport are not sacrificed. If  
20 either coach believes that the match cannot be safely and effectively played, then  
21 the coaches should consider a rematch. However, the visiting coach does have the  
22 right to accept a forfeit.  
23

24 (a) If a forfeit is accepted because either coach does not believe that a safe and  
25 effective game can be played, then the teams should leave the field. In other  
26 words, the teams should not use the game as a scrimmage. If the teams do  
27 decide the scrimmage, then both teams are assessed a forfeit.  
28

29 D. Rules of Competition  
30

31 1. From the US Soccer web site:  
32

33 <http://www.ussoccer.com/stories/2014/03/17/11/16/may-2008-archive-ii-of-ii>  
34

35 “As to local rules of competition, the intelligent referee will always obtain a copy of  
36 these rules before accepting any assignments. That way he or she knows what lies  
37 ahead and he or she can determine whether or not to accept assignments/appointments  
38 to those games.”  
39

40 2. Referees are encouraged to visit the SFL web site and under SFL Documents, download  
41 “SFL Guide to Referees (Regular Season & Tournament).”  
42

43 a. Should a game official have a question regarding the SFL requirements relating to a  
44 game, they may call the SFL at 703-476-6611. During the regular season the SFL does  
45 not guarantee that someone will be available.

- 1 3. Reporting misconduct – Referees are required to automatically report serious misconduct  
2 to the SFL through their club’s reporting process. These required reports include red cards  
3 issued, racial slurs (regardless of whether a red card is issued), individuals asked to leave  
4 the immediate game area, i.e., within 100 yards of the game field, (regardless of whether a  
5 red card is issued), pervasive inappropriate actions toward a game official regardless of  
6 whether the individual is ask to the immediate game area, etc.  
7  
8 a. A referee may request from the coach, player, or other team official the name of any  
9 coach, player, or team official that the referee needs to perform their reporting  
10 responsibilities. If this information is not provided or incorrect information is provided  
11 to the referee, the team will be assessed two (2) Team Demerits in addition to any other  
12 Team Demerits that may be assessed during the game.  
13

14 E. Age Requirements  
15

- 16 1. The center referee will be at least two (2) years older than the age group they are officiating  
17 except as noted below.  
18  
19 a. The referee possesses a Grade 7 or higher license.  
20  
21 b. The referee is at least the age of the game they are officiating, and at least one adult of  
22 21 years or older is serving as an assistant referee.  
23  
24 2. Referees should not be immediate family members to team officials except in an  
25 emergency.  
26

27 F. Quality of Officials  
28

- 29 1. The SFL has no role in assigning the officials to a game since this is a club responsibility.  
30 However, the SFL provides a mechanism for coaches to report on the quality of the  
31 officials provided for their games. Comments can be sent directly to the home team’s SFL  
32 Club Representative using the standard Email address that is contained in the season  
33 package. When reporting on the officiating, please provide the game number, teams, game  
34 field, and game time. For those that would like a form, the web site has one suggested  
35 form that can be used. (The form is on the SFL Documents page.)  
36  
37 2. As noted by FIFA, the decisions of the referee regarding facts connected with play,  
38 including if a goal is scored and the result of the match, are final. Accordingly, (1) game  
39 results will not be changed because of referee errors and (2) teams will not be compensated  
40 for referee errors. The mechanism available to address such matters is to notify the club  
41 providing the officials of the errors so that they can consider such cases when evaluating  
42 their referees’ performance and guidance that may be needed on how to implement a given  
43 rule or set of rules so that these errors do not happen in future games.  
44

1 G. Other

- 2
- 3 1. Game officials may determine that the game conditions are unsafe to play or continue
- 4 playing a game. This is a decision made by the referee and may not be protested.
- 5
- 6 2. In order to keep the tournament games on schedule, the referee will normally keep a
- 7 running clock, i.e., the clock is not stopped for injuries, substitutions, etc. However, the
- 8 referee may decide to stop the clock if the referee believes that it will not adversely affect
- 9 the overall tournament game schedule. This is a decision made by the referee and may not
- 10 be protested.
- 11
- 12 3. The referee is allowed to use their discretion on when it is too dark to play safely.
- 13 Therefore, the last games of the day may be shortened because of darkness. This is a
- 14 decision made by the referee and may not be protested.
- 15

16 **VI. Law 6 – The Other Match Officials**

- 17
- 18 A. All match officials must be USSF certified.
- 19
- 20 B. Referees are encouraged to visit [www.ussoccer.com/referees](http://www.ussoccer.com/referees) for additional information.
- 21
- 22 C. All match officials should be familiar with LAW 5 – THE REFEREE above.
- 23

24 **VII. Law 7 – The Duration of the Match**

- 25
- 26 A. Game Times – The following governs the game times for regular season and tournament
- 27 games.
- 28

29

Age Group(s)	Regular Season Games	Tournament Games
12 and Under	30 minute halves	30 minute halves
14 and Under	35 minute halves	35 minute halves
16 and Under	40 minute halves	35 minute halves
19 and Under	40/45 minute halves if time allows and both coaches agree	35 minute halves

- 30
- 31
- 32
- 33
- 34
- 35 B. Games Halted – A game halted at half time or later due to unsafe playing conditions will stand
- 36 as indicated by the score when the game was halted.
- 37
- 38 1. If due to unsafe playing conditions a regular season game is halted prior to half-time, it
- 39 will be replayed unless waived by the SFL Age Group Commissioner.
- 40

- 1 2. If a tournament game is halted due to unsafe playing conditions after being started, the  
2 game result at the time of termination will be used as the final game result unless waived  
3 by the SFL Age Group Commissioner.  
4

5 **Example**

6  
7 A regular season game is terminated 30 minutes into the first half due to weather  
8 conditions. The game is rescheduled to be played at a later date unless waived by the  
9 appropriate SFL Age Group Commissioner. On the other hand, a tournament game  
10 terminated 5 minutes into the first half because of weather conditions would use the game  
11 results at the time of termination. The SFL will decide how to handle tournament games  
12 ending in a tie that is scheduled using the in single elimination format.  
13

14 **VIII. Law 8 – The Start and Restart of Play**

- 15  
16 A. There are no SFL administrative rules for this law of the game.  
17

18 **IX. Law 9 – The Ball In and Out of Play**

- 19  
20 A. There are no SFL administrative rules for this law of the game.  
21

22 **X. Law 10 – Determining the Outcome of A Match**

- 23  
24 A. Mercy Rule

- 25  
26 1. When the goal differential between two teams has reached four(4), the winning team is  
27 obligated to remove a player from the field.  
28  
29 a. For every goal that the losing team scores, the winning team may add one player.  
30  
31 b. At any point when the goal differential reaches four (4) or more, the losing coach may  
32 terminate the game without penalty. The game is terminated when the coach or team  
33 captain informs the referee. The score reports should include that the game was  
34 terminated early because of the mercy rule.  
35  
36 c. The player removal/addition process continues for every goal that increases/decreases  
37 the differential, until the goal differential reaches eight (8) for teams playing the 11 v 11  
38 format and seven (7) for teams playing the 9 v 9 format. When the score differential  
39 reaches these levels, the game is automatically terminated without a penalty being  
40 assessed to either team since the number of allowed players on the field falls below the  
41 minimum number of players needed for the team with the most goals. The following  
42 table shows the maximum number of players allowed when the goal differential exceeds  
43 3 goals.

Goal Differential	11 v 11 Format	9 v 9 Format
0 – 3	11 players allowed	9 players allowed
4	10 players allowed	8 players allowed
5	9 players allowed	7 players allowed
6	8 players allowed	6 players allowed
7	7 players allowed	Game Terminated
8	Game Terminated	

**Note:** The above number of players allowed assume that the maximum number of field players are used. If a lesser number of field players are present prior to the event, then one (1) player must be removed.

**Example A**

Assume that a game started with eleven (11) players and a player received a red card. The team would have ten (10) field players. If the team then scored a goal which caused the goal differential to be four (4) goals, then the team must remove a player which would result in the team having nine (9) field players.

**Example B**

Assume that a game started with Team A only playing 10 players because Team B was only able the field eight (8) players, i.e., the number of players Team A could field was limited by the play down rule. If Team A then scored a goal which caused the goal differential to be four (4) goals, then Team A is required to remove a player and Team A could only field nine (9) players. This is computed as follows – Maximum Number of Players Allowed (10) less the required removal of one player caused by the goal differential reaching four (4).

- (1) It is the responsibility of the winning coach to notify the game officials of this requirement should the game official not terminate the game when the score reaches the appropriate level. If either score report shows that the automatic game termination was not implemented as required, then the team with the most goals will be assessed a forfeit.

**XI. Law 11 – Offsides**

- A. There are no SFL administrative rules for this law of the game.

1 **XII. Law 12 – Fouls and Misconduct**

2  
3 A. For the Good of the Players – It should be remembered that the SFL is governed by the  
4 principle that all actions are “**For the Good of the Players**” and unsporting behavior or  
5 violation of the Laws of the Game cannot be tolerated. It should also be noted that the SFL is  
6 primarily a scheduling organization and that the resolution of complaints, disciplinary actions,  
7 and protests is primarily the responsibility of the affected clubs. The role of the SFL is to help  
8 facilitate the resolution of complaints, disciplinary problems, and protests.  
9

10 B. Misconduct – Individual Demerits and Team Demerits are used to identify individuals and  
11 teams that have a history of infractions related to misconduct and administrative issues while  
12 game suspensions are used to penalize specific individuals for the infractions.  
13

14 1. Penalties for Misconduct – The SFL has three types of penalties relating to misconduct, (1)  
15 game suspensions, (2) Individual Demerits, and (3) Team Demerits. Game suspensions  
16 and Individual Demerits apply to an individual based on the infraction while Team  
17 Demerits apply to a team. Although in many cases the number Individual Demerits  
18 assigned to the individual and the team may be the same, this is not always the case as  
19 shown below. The following shows the game suspensions, Individual Demerits, and Team  
20 Demerits assigned for given types of misconduct.  
21

22 a. Player infractions resulting in one (1) game suspension; one (1) Individual Demerit; and  
23 one (1) Team Demerit.  
24

25 (1) Denying an obvious goal scoring opportunity to an opponent moving toward the  
26 player’s goal by an offense punishable by a free kick or a penalty kick.  
27

28 (2) Denying the opposing team, a goal or an obvious goal scoring opportunity by  
29 deliberately handling the ball (this does not apply to a goalkeeper within his own  
30 penalty area).  
31

32 (3) Receiving a second caution in the same match.  
33

34 **Note:** If a player receives a red card after receiving a second caution a decision is  
35 made on whether the red card was received based on the player committing a red  
36 card offense or receiving a second caution. For example, assume that a player  
37 receives a caution for dissent and then received a red card for using  
38 offensive/insulting/abusive/language/gestures. This is treated as a red card for  
39 using offensive, insulting or abusive language and/or gestures rather than a second  
40 yellow card for dissent.  
41

42 (4) Serious foul play.  
43

44 (5) Using offensive, insulting or abusive language and/or gestures.  
45

1 (6) Ineligible players used – SFL concludes that a team deliberately used one or more  
2 ineligible players – head coach suspended for one game and one Team Demerit per  
3 player, e.g., if one (1) ineligible player was used, then one (1) Team Demerit, two  
4 (2) ineligible players, then two (2) Team Demerits, etc.

5  
6 (7) Individual Conduct Detrimental to the League – Conduct that warrants a one game  
7 suspension that is not specifically covered by other suspension offenses. Examples  
8 include failing to serve a game suspension by a player. When an individual does  
9 not properly serve a suspension period, this penalty is in addition to the original  
10 penalty. For example, assume a player suspended for one game and does not serve  
11 the one game suspension. The player would be suspended for one additional  
12 game.

13  
14 (a) Games where a forfeit or scheduling forfeit has been assessed are not  
15 considered games where an individual has served their suspension and the  
16 required suspension will become applicable to the next game the team plays.

17  
18 b. Infractions incurred by players, coaches, and others resulting in two (2) game  
19 suspensions, two (2) Individual Demerits, and two (2) Team Demerits.

20  
21 (1) **Violent conduct and fighting as defined by the SFL regardless of whether a**  
22 **red card is shown.** Conduct which will be treated as fighting includes but is not  
23 limited to (1) fighting in the opinion of the referee, (2) shoving another player or  
24 any other aggressive action outside the normal course of play, (3) kicking/striking  
25 or attempting to kick/strike a player, or spitting. A player “defending  
26 himself/herself” is not exempt from this penalty.

27  
28 (2) **Individual Conduct Detrimental to the League** – Conduct that warrants a two  
29 game suspension rather than the standard one game suspension or not specifically  
30 covered by other infractions. Examples, include racial slurs, hate speech, taunting,  
31 non players (such as coaching staff or spectators) being asked to leave the field or  
32 shown a red card, inappropriate behavior toward a game official, etc.  
33 Inappropriate conduct toward a game official includes persistent inappropriate  
34 comments, verbal threats, being followed to the parking lot in an inappropriate  
35 manner, or other actions that would make a referee fear for his/her safety.

36  
37 (a) When a report of inappropriate language is received, the SFL will (1) request a  
38 game report from the home team’s club, (2) ask for a referee report, and (3)  
39 request the appropriate SFL Club Representative to take any other actions  
40 considered necessary to validate the claim. Should the claim be validated,  
41 then the appropriate penalties will be imposed.

#### 42 43 **Discussion**

44  
45 The SFL has a zero tolerance policy toward the use of racial slurs, hate speech,  
46 taunting, etc. Unfortunately, we have seen an increasing number of complaints of

1 taunting along with racial slurs, and hate speech being used. In some of the reports  
2 the coaches noted that this was “trash talk” and “players say this a lot to each  
3 other,” etc. In effect, the inference was that this behavior was not considered to be  
4 harmful or offensive. Unfortunately this is a subjective judgement and what is not  
5 offensive to one person may be offensive to another. History has shown such  
6 statements have resulted in very unpleasant situations on the field or in the  
7 “parking lot” after the game.  
8

9 c. Infractions incurred by players, coaches and others resulting in season suspensions and  
10 three (3) Team Demerits.

11 (1) Head Coach – Illegal players used.

12 (2) Individual Conduct Detrimental to the League – Offenses that warrant a three-  
13 game suspension rather than the standard one or two game suspensions. Offenses  
14 that would normally warrant this type of suspension include referee assault  
15 incidents or other behavior that should be referred to VYSA for review.  
16  
17  
18

19 2. Administrative penalties assessed to individuals and teams.

20  
21 a. **Illegal players used** – One (1) Team Demerit per illegal player per game. Illegal  
22 players include (1) travel players regardless of whether they are shown on the SFL Team  
23 Roster, (2) players shown on the SFL Team Roster but declared ineligible during a  
24 roster check or roster challenge, and (3) players not shown on the SFL Team Roster. As  
25 noted in Section III. a team using illegal players will be assessed forfeits for the games  
26 where illegal players are used and may be excluded from the SFL tournament.  
27

28 (1) If the coach is assessed a penalty for using illegal players, then the Team Demerit  
29 penalty is not assessed unless more than three (3) illegal players are used.  
30

31 b. **Team Conduct Detrimental to the League – One Team Demerit.** Conduct by  
32 members of the team or its supporters that are not specifically covered by other  
33 suspension or team offenses and warrants one Team Demerit. Examples include failing  
34 to ensure a suspended player does not play (this is in addition to the penalty assessed to  
35 the individual), etc.  
36

37 c. **Team Conduct Detrimental to the League – Two Team Demerits.** Conduct by  
38 members of the team or its supporters that are not specifically covered by other  
39 suspension or team offenses and warrants two Team Demerits. Examples include  
40 actions that cause a game to be terminated early and failing to properly report red cards  
41 or individuals (including the Head Coach) being asked to leave the field.  
42

43 (1) When the game is terminated early, a forfeit is also assessed to the team causing  
44 the game to be terminated early. The applicable SFL Age Group Commissioner  
45 may assess both teams this forfeit depending on the reasons for the game  
46 termination.

- 1  
2 (2) When suspension offenses are not properly reported, the team is also assessed  
3 additional Team Demerits and game forfeits until the information is properly  
4 received.  
5

6 **d. Team Conduct Detrimental to the League – Three Team Demerits.** Conduct by  
7 members of the team or its supporters that are not specifically covered by other  
8 suspension or team offenses and warrant three Team Demerits. Examples include  
9 actions that warrant review by VYSA.  
10

- 11 (1) In extreme cases, the appropriate SFL Age Group Commissioner may impose limit  
12 of non players allowed to attend future games for at least two games up to the  
13 remainder of the season when at least one (1) other SFL Age Group Commissioner  
14 concurs that such a penalty is warranted. Specifically, the SFL Age Group  
15 Commissioner may allow only two (2) individuals that are not players to attend a  
16 given team’s game – the coach and one other individual to ensure that no other non  
17 players, e.g., parents, friends of the players, etc., associated directly or indirectly  
18 with the team are no closer than 100 yards from the field of play.  
19

- 20 (a) When such a penalty is imposed, it is up to the appropriate SFL Club  
21 Representative to ensure that (1) the team and its supporters are notified of the  
22 penalty, (2) ensure that the two (2) individuals allowed to attend the game  
23 representing the team are capable of enforcing the penalty and notifying the  
24 club and SFL that the penalty was not properly enforced, e.g., one or more  
25 parents were closer than 100 yards from the field of play.  
26

- 27 (i.) Should the penalty not be properly enforced, the (1) the team will be  
28 suspended for the remainder of the season and (2) placed on probation,  
29 should the appropriate SFL Age Group Commissioner allow the team to  
30 return the following season.  
31

- 32 (ii.) Should the opposing coach believe that the penalty is not being properly  
33 enforced by the two (2) individuals allowed to represent the team, then  
34 (1) the game official should be notified and asked to include this  
35 information in the game report and (2) contact the SFL via Email that  
36 they believe a violation of the suspension occurred with a full  
37 description of the violation.  
38

- 39 a) The game should continue to be played and no forfeit assessed  
40 until the SFL reviews the matter. Specifically, the SFL will make a  
41 final determination on whether the team violated the suspension.  
42

### 43 **C. Individual and Team Demerits** 44

- 45 1. **Individual Suspensions** – An individual that receives three (3) Individual Demerits during  
46 a season, including post season play, is automatically suspended for the remainder of the

1 current season. In addition, if the third Individual Demerit is received in either the last  
2 regular season game played by the team or a tournament game, then the individual will also  
3 be assessed a “carryover” Individual Demerit for the following season. Such “carryover”  
4 Individual Demerits will be combined with any Individual Demerits received by the  
5 individual during the subsequent season to determine whether the player should be  
6 suspended for the remainder of the subsequent season. For example, assume an individual  
7 had one “carryover” Individual Demerit and then received a red card for violent conduct in  
8 game 1 of the following season. The individual would be suspended for the remainder of  
9 the following season.

### 11 **Example A**

12  
13 Player A receives a third Individual Demerit in a week 3 game and the team plays five (5)  
14 more regular season games plus two (2) tournament games. Player A is suspended for the  
15 remainder of the season and is not assessed a “carryover” Individual Demerit for the  
16 following season. In addition, the player does not have any “carryover” game suspensions  
17 since the player was suspended more than games than the last infraction would warrant.

### 19 **Example B**

20  
21 Player A receives a third individual Demerit in the team’s final regular season game. The  
22 standard game suspension for the infraction is two (2) games and the team plays one (1)  
23 tournament game. The player would be assessed one (1) “carryover” Individual Demerit  
24 and suspended for the first game of the following season since the individual had only  
25 served one (1) game of the standard two (2) game suspension.

### 27 **Example C**

28  
29 Player A receives a third individual Demerit in the team’s final regular season game. The  
30 standard game suspension for the infraction is one (1) game and the team plays one (1)  
31 tournament game. The player would be assessed one (1) “carryover” Individual Demerit.  
32 The player would be allowed to play in the first game of the following season since the  
33 individual had served the standard one (1) game suspension for the infraction that resulted  
34 in the third Individual Demerit.

- 35  
36 2. **Team suspensions** – Two types of team suspensions may result from the accumulation of  
37 Team Demerits (1) suspension from the tournament, and (2) suspension from regular  
38 season and tournament games.
- 39  
40 a. Suspension from the tournament – A team that averages one (1) Team Demerit per  
41 game played when the tournament schedules are prepared will be excluded from the  
42 tournament but will be allowed to continue playing regular season games until the  
43 maximum Team Demerits allowed are reached. For example, if a team has played four  
44 (4) games when the tournament scheduling process is started and has been assessed four  
45 (4) or more Team Demerits, then that team will not be scheduled for the tournament

1 although it may continue playing its regular season games until the maximum Team  
2 Demerits allowed is reached.

- 3  
4 b. Suspension from regular season and tournament games – A team that accumulates Team  
5 Demerits that equal or exceeds the maximum Team Demerits allowed will be (1)  
6 suspended for any remaining regular season games, (2) excluded from the tournament if  
7 scheduled for any tournament games, and (3) placed on probation for the following  
8 season.

- 9  
10 (1) Maximum Team Demerits Allowed – the lesser of (1) the number of regular  
11 season games scheduled or (2) the actual games played.

12  
13 **Example**

14  
15 Team A is originally scheduled for eight regular season games. However, a team  
16 drops out and that game is cancelled. In addition, the last game of the season is  
17 also cancelled and cannot be rescheduled. Team A plays all six remaining games.  
18 The maximum Team Demerits allowed for Team A is six since (1) its regular  
19 season game scheduled was reduced to seven games when the team dropped out  
20 even though other teams may have played eight regular season games and (2) one  
21 game was not played for other reasons.

- 22  
23 (2) Games Played – A game where a team is assessed a forfeit for any reason is not  
24 considered as a game played. In addition, if the game is unscheduled and neither  
25 team has been assessed a forfeit, then that game is also not considered as a game  
26 played. For example, Team A is scheduled for eight regular season games and the  
27 web site shows that all eight games are considered played. However, Team A is  
28 assessed a forfeit for some reason for one game. Team A is considered to have  
29 played seven games.

- 30  
31 c. **Appeal of regular season and tournament suspensions** – A SFL Club Representative  
32 may appeal the regular season and tournament suspension associated with the  
33 accumulation of Team Demerits to the appropriate SFL Age Group Commissioner when  
34 **all the Team Demerits were associated with one game.** Based on the facts of the  
35 situation, the SFL Age Group Commissioner may (1) retain the suspension, (2) allow  
36 the team to complete the regular season but not play in the tournament, or (3) allow the  
37 team to complete the regular season and participate in the tournament.

- 38  
39 (1) When the SFL Age Group Commissioner agrees to let a team continue to play,  
40 then such approval is automatically revoked should the team receive a Team  
41 Demerit for any reason in a subsequent game. Accordingly, the team is  
42 automatically suspended for the remainder of the season.

43

1                   **Example A**

2  
3                   Team A is assessed eight (8) Team Demerits in regular season game 5. These Team  
4                   Demerits are associated with several different infractions. Team A has not received any  
5                   other Team Demerits prior to this game. **The SFL Club Representative is allowed to**  
6                   **appeal** the regular season and tournament suspensions required because the team had  
7                   accumulated eight (8) Team Demerits.  
8

9                   **Example B**

10  
11                   Team A received eight (8) Team Demerits in regular season game 5 and appealed the  
12                   regular season and tournament suspension required in the rules. The appropriate SFL  
13                   Age Group Commissioner agreed, based on the facts associated with the given game,  
14                   that the team should be allowed to complete its regular season games and participate in  
15                   the tournament. However, in week 7, a player on Team A receives a red card because of  
16                   the accumulation of two yellow cards. Accordingly, (1) Team A receives an additional  
17                   Team Demerit and (2) is suspended for the remainder of the season, i.e., is not allowed  
18                   to play regular season game 8 and participate in the tournament. **No appeal of this**  
19                   **suspension is available since the Team Demerits were accumulated in two games.**  
20

21                   **Example C**

22  
23                   Team A is assessed one (1) Team Demerit in regular season game 1 because of a player  
24                   that received a red card. In regular season game 5, Team A is assessed seven (7) Team  
25                   Demerits. These Team Demerits are associated with several different infractions. **The**  
26                   **SFL Club Representative is not allowed to appeal** the regular season and tournament  
27                   suspensions required because the team had accumulated eight (8) Team Demerits in  
28                   more than one game.  
29

- 30                   3. **Team Probations** – Teams are placed on probation when (1) the coach knowingly uses an  
31                   illegal player or (2) the number of Team Demerits received in a season equal or exceeds the  
32                   number of games played during that season. For example, if a team plays seven regular  
33                   season and two tournament games, then the team would be placed on probation if the Team  
34                   Demerits for the season equal or exceed nine Team Demerits.  
35  
36                   a. The SFL Club Representative is responsible for ensuring that a team is notified that it is  
37                   considered on probation and aware of the rules that can affect their continued  
38                   participation in the SFL.  
39  
40                   (1) If a team on probation has any of the following conditions, the remainder of the  
41                   regular season games will be forfeited and team considered ineligible for  
42                   tournament play.  
43  
44                   (a) Accumulation of four Team Demerits.  
45  
46                   (b) A game terminated because of the team’s conduct.

1  
2 (c) Any other disciplinary reason that the SFL Age Group Commissioner deems  
3 significant and warrants suspension from the SFL.  
4

5 b. Any team on probation that is suspended is considered ineligible to return to the SFL for  
6 at least two seasons.  
7

8 (1) The applicable SFL Age Group Commissioner is responsible for determining  
9 whether the members associated with a team constitute the team ineligible to  
10 participate.  
11

12 (a) It is up to the SFL Club Representative to notify the appropriate SFL Age  
13 Group Commissioner when any members of the suspended team or coaches  
14 associated with the suspended team are placed on teams(s) that will be  
15 registered. The SFL Age Group Commissioner must approve each of these  
16 players(s) or coach(es) returning to the SFL before the two-season suspension  
17 is served.  
18

19 D. Suspensions  
20

21 1. Unserved suspensions carry over to the next season while the associated Individual  
22 Demerits and Team Demerits do not.  
23

24 2. Suspended players, coaches, and other individuals serving their suspension period are  
25 encouraged not to attend the game at all. If the individual desires to attend the team's  
26 game during a suspension period, the individual must receive the applicable SFL Club  
27 Representative's permission to attend any games where that individual is serving a  
28 suspension by 6:00 P.M. at least two days before the game is scheduled to be played. For  
29 example, if an individual is suspended for a game being played on Saturday and the SFL  
30 Club Representative decides to permit the individual to attend the game, then this decision  
31 must be made by 6:00 P.M. on Thursday night.  
32

33 a. The SFL Club Representative must also notify the SFL when this permission has been  
34 granted at the same time the individual is notified.  
35

36 b. If a non player receives the SFL Club Representative's permission and does attend the  
37 game, the following applies.  
38

39 (1) The individual should not be closer to the playing field than 100 yards beginning  
40 30 minutes before game time until the game is over. The fact that a game can be  
41 seen from a public street or sidewalk which may be closer than 100 yards does not  
42 relieve the coach, team official, parent, or a spectator from complying with this  
43 100-yard rule.  
44

45 (2) The suspended individual will not be involved in any way with administration of  
46 the team during the game.

1  
2 (3) If a player is granted permission to attend the game, then that player may be  
3 granted permission be the SFL Club Representative to sit on the bench with the  
4 other players if the player does not wear a uniform and it is clear to outsiders that  
5 the player is not eligible to participate in the game.  
6

7 c. Since the tournament is only conducted during one weekend, any coach or other  
8 individual that is not a player who is asked to leave the field may not attend any of that  
9 team’s remaining games since these suspensions carry at least a two game suspension  
10 and a team will not play more than two games after the game in which the offense  
11 generating the suspension occurred.  
12

13 d. A player receiving a red card that warrants a one game suspension, may attend and  
14 participate in that team’s third tournament game assuming that (1) the team plays three  
15 tournament games and (2) the red card was received in the first game. The player may  
16 also attend the team’s second tournament game without the SFL Club Representative’s  
17 approval when (1) the player does not wear a uniform and (2) it is clear to outsiders that  
18 the player is not eligible to participate in the game. In addition, the coach should  
19 highlight on the roster provided to the opposing coach and referee the player that is not  
20 able to play because of a suspension to avoid any conclusion on whether a player with  
21 that number is allowed on the field of play.  
22

23 3. Suspensions involving individuals who have more than one role – An individual receiving  
24 a suspension may serve in more than one role. For example, the individual may coach  
25 more than one SFL team, or play for a team and coach an SFL team. The following  
26 governs what is considered serving the red card suspension.  
27

28 a. Coach received a suspension and coaches more than one SFL Team – If a coach is  
29 suspended for an infraction while coaching an SFL team then the suspension period will  
30 be considered served when that team has played the number of games called for by the  
31 suspension. For example, assume that a coach receives a two game suspension because  
32 of a misconduct incident while coaching Team A. The coach is also considered  
33 suspended from coaching any other SFL teams until Team A has played two games.  
34

35 b. Coach receives a suspension and plays on an SFL team – If a coach is suspended for an  
36 infraction while coaching one SFL team and plays on another SFL team, then the  
37 suspension period will be considered served when the team that the player coached has  
38 played the number of games called for by the suspension. For example, assume that the  
39 coach receives a two game suspension because of a misconduct incident while coaching  
40 Team A. The coach cannot participate as a player in any SFL games until Team A has  
41 played two games.  
42

43 (1) The individual’s SFL Club Representative is responsible for notifying the SFL if  
44 the individual also plays for an SFL team.  
45

1 c. A player receives a suspension and coaches an SFL team – If a player is suspended for  
2 an infraction while playing on an SFL team and coaches an SFL team, then the  
3 suspension period will be considered served when the team to which the player is  
4 assigned has played the number of games called for by the suspension. For example,  
5 assume that the player receives a two game suspension because of a misconduct incident  
6 while playing for Team A. The player cannot participate as a coach for any SFL teams  
7 until Team A has played two games.  
8

9 (1) The individual’s SFL Club Representative is responsible for notifying the SFL if  
10 the individual also coaches an SFL team.  
11

12 4. Failure to serve a game suspension – A player will be considered as not serving the  
13 suspension period if (1) any player wears the same jersey number of the player who  
14 received the suspension, unless approval has been given by the appropriate SFL Age Group  
15 Commissioner, (2) the player who received the suspension plays in the game regardless of  
16 the jersey number, or (3) the suspended individual attends a game during the suspension  
17 period without obtaining the required approval from the SFL Club Representative, the team  
18 will also be assessed a forfeit.  
19

20 5. Games cancelled or games where the team receives a forfeit or scheduling forfeit are not  
21 considered as games played when determining whether a player has served a game  
22 suspension.  
23

24 **Example A**

25  
26 Player A receives a red card in week 5 and Player A’s next scheduled game in week 6 in  
27 cancelled due to weather and the team’s next game is during week 7. Player A would be  
28 required to serve the suspension during the game scheduled for week 7.  
29

30 **Example B**

31  
32 Player A receives a red card in week five. During the next game that Player A’s team plays  
33 (week 6), Player A’s team is assessed a forfeit because it did not have a proper roster.  
34 Player A would be required to sit out the next game that Player A’s team plays, e.g., the  
35 week 7 game.  
36

37 6. **Suspension notices** – Unless the team is expected to play its next game within two days of  
38 the game in which the suspension offense was incurred, the SFL will normally send the  
39 suspension notices by Wednesday or Thursday of the following week. This allows the  
40 impacts of game rescheduling and forfeits to be determined prior to the notice being sent.  
41 It is up to the applicable SFL Club Representative to ensure that any other individuals  
42 suspended from a game do not appear at the game. The following governs the suspension  
43 notices.  
44

45 a. Effects of scores not being reported – As noted elsewhere, game scores that are not  
46 reported by 6:00 P.M. on Monday results in both teams being assessed scheduling

1 forfeits. As noted elsewhere, games where a team has been assessed forfeits for any  
2 reason are not considered games where an individual has served their suspension and  
3 the required suspension will become applicable to the upcoming week. It does not  
4 matter if subsequent to the notice that the SFL is notified that the game was played and  
5 the suspension was served. The individual must still not participate in the upcoming  
6 game.

7  
8 **Example**  
9

10 Assume that Player A was expected to serve the final suspension for an infraction in  
11 week 5. However, no score was reported for the game by Wednesday when the  
12 suspension notices for week 6 are prepared. Accordingly, both teams were assessed  
13 scheduling forfeits. Since the team was assessed a scheduling forfeit, Player A is  
14 considered not to have served the required suspension and a suspension notice for week  
15 6 is prepared for Player A. After receiving the week 6 notice, Player A's team notifies  
16 that SFL of the week 5 game score and states that Player A served the suspension during  
17 that game. Since the suspension notice has already been sent, Player A is also  
18 suspended for the week 6 game since (1) the team had adequate time to report the game  
19 score for the week 5 game, (2) could easily determine from the web site that the score  
20 had not been received by the SFL, and (3) only one team must report the score to avoid  
21 this penalty even if it is not Player A's team.  
22

- 23 b. Players' name and uniform number issues – The information reported on player  
24 infractions that result in game suspensions is compared to the information contained on  
25 the Master Player Roster submitted by the player's club. When significant differences  
26 arise, the coach is contacted to confirm the information reported, e.g., the game report  
27 says John Smith was wearing 22 while the master Player Roster shows that Sam Jones  
28 wears that number. If significant differences still exist when the suspension notices are  
29 prepared, then the suspension notification will contain those differences(s) and no player  
30 may play whose name or uniform number(s) appear on that notice.  
31

32 **Example A**  
33

34 A game report is received which states that Johnnie Smith wearing uniform number 22  
35 committed an offense that warranted a game suspension. The Master Player Roster  
36 shows that uniform number 22 was assigned to John Smith. Since this is not considered  
37 a significant difference, the coach is not contacted and the suspension notice will show  
38 both names.  
39

40 **Example B**  
41

42 A game report is received which states that John Smith wearing uniform number 22  
43 committed an offense that warranted a game suspension. The Master Player Roster  
44 shows that uniform number 22 was assigned to Sam Jones. The coach (1) does not  
45 respond to the request for clarification when the suspension notice is prepared, or (2)  
46 confirms that the reported name and uniform number was correct, or (3) states that the

1 Master Player Roster contains the incorrect uniform number for Sam Jones. However,  
2 in the latter case, the necessary change to correct the uniform number of Sam Joneses is  
3 not submitted by the club by the Wednesday deadline for making changes to the Master  
4 Player Roster and is not available for the preparation of the game suspension notices.  
5 The suspension notice will contain both John Smith and Sam Jones as the players being  
6 suspended and that no player wearing the uniform number of 22 may play. The penalty  
7 for both players is imposed since (1) the coach had an opportunity to correct the actual  
8 name and (2) if the problem was caused by a Master Player Roster issue, the club had  
9 time to make the necessary corrections prior to the suspension notice being prepared.

10  
11 **Example C**

12  
13 A game report is received which states that John Smith wearing uniform number 22  
14 committed an offense that warranted a game suspension. The Master Player Roster  
15 shows that uniform number 25 was assigned to John Smith. The coach (1) does not  
16 respond to the request for clarification when the suspension notice is prepared, or (2)  
17 confirms that the reported name and uniform number was correct, or (3) states that the  
18 Master Player Roster contains the incorrect uniform number for John Smith. However,  
19 in the latter case, the necessary change to correct the uniform number of John Smith is  
20 not submitted by the club by the Wednesday deadline for making changes to the Master  
21 Player Roster and is not available for the preparation of the game suspension notices.  
22 The suspension notice will state that John Smith is being suspended and that the  
23 uniform numbers 22 and 25 are not eligible to play. Accordingly, no players on the  
24 team wearing uniform numbers 22 or 25 may participate in the game since the rules  
25 state that no one may wear the uniform number of a suspended player. If another player  
26 on the team is wearing the number 22, then that player is also not eligible to play. The  
27 penalty for both players is imposed since (1) the coach had an opportunity to correct the  
28 actual name and uniform number combination and (2) if the problem was caused by a  
29 Master Player Roster issue, the club had time to make the necessary corrections prior to  
30 the suspension notice being prepared.

- 31  
32 E. Club Review of Disciplinary Issues – The applicable SFL Age Group Commissioner or SFL  
33 Commissioner may request a club to review any incident that involves individual or team  
34 misconduct.  
35  
36 F. Conduct Detrimental to the League – A team may be placed on probation during the current  
37 and/or subsequent season, regardless of whether any Team Demerits are assigned, because the  
38 conduct of the coach, player(s), and/or other individuals are detrimental to the league.  
39  
40 1. The Appropriate SFL Age Group Commissioner or SFL Commissioner will document the  
41 reason(s) that a team should be considered being placed on probation for conduct  
42 detrimental to the league. Once the document is prepared, it is submitted to the remaining  
43 SFL Age Group Commissioners for review.  
44  
45 a. If a majority of the SFL Age Group Commissioners agree that the team should be placed  
46 on probation, then the applicable SFL Club Representative is formally contacted to

1 obtain his/her views on the proposed probation. The SFL Club Representative will have  
2 one week in which to provide a formal response. If no response is received within that  
3 time, the SFL will consider that the SFL Club Representative agrees with the proposed  
4 probation.  
5

6 (1) Each SFL Age Group Commissioner will have one vote and a tie is broken by the  
7 SFL Commissioner. If a person holds more than one SFL Age Group  
8 Commissioner position, then that individual is allowed one vote. If the SFL  
9 Commissioner also holds an SFL Age Group Commissioner position and the vote  
10 is tied, then the SFL Commissioner may not break the tie and the team will not be  
11 placed on probation for conduct detrimental to the league.  
12

13 2. Once the SFL Club Representative has provided a formal response to the proposal to place  
14 a team on probation, the appropriate SFL Age Group Commissioner will review the  
15 response and opine on whether the proposed probation should be enforced. The SFL Age  
16 Group Commissioners will then vote on whether the proposed probation should be  
17 finalized using the same voting process that is used for proposing a team for probation.  
18 The applicable SFL Club Representative will then be notified of the final decision. If the  
19 original request was received from another SFL Club Representative, then that SFL Club  
20 Representative will also be notified of the final decision. No appeal of this decision is  
21 available.  
22

23 3. Teams placed on probation during the season will automatically be placed on probation for  
24 the following season.  
25

26 a. A team placed on probation will be suspended from the remaining games of the season  
27 when (1) the team accumulates four (4) Team Demerits for any reason during the season  
28 or (2) is considered to have conducted another offense that warrants another decision  
29 that the team has demonstrated conduct detrimental to the league. If a team has already  
30 accumulated four (4) Team Demerits prior to the decision that it has demonstrated  
31 conduct detrimental to the league, then (1) the team is automatically suspended for the  
32 remainder of the season and (2) automatically placed on probation for the following  
33 season.  
34

35 G. Complaints and Protests – Only an SFL Club Representative, President or equivalent of a  
36 club’s governing body can submit formal complaints or protest a game. SFL Club  
37 Representatives or Club Presidents who wish to protest a game or provide a formal complaint,  
38 must notify the appropriate SFL Age Group Commissioner in writing within hours after the  
39 match with a copy to the SFL Commissioner. Coaches and any other club officials are not  
40 allowed to file formal complaints or protests directly with the SFL. Although the SFL Club  
41 Representative of Club President may request other individuals to help the SFL Club  
42 representative or Club President file a complaint or protest, the applicable SFL Age Group  
43 Commissioner is only responsible for accepting information from and discussing the  
44 complaint or protest with the SFL club Representative or Club President who is acting on  
45 behalf of the club. Only one individual may act on behalf of the club during the complaint or  
46 protest process.

- 1  
2 1. The formal complaint or protest must include:
  - 3  
4 a. The time and location of the match
  - 5  
6 b. The team names and age group
  - 7  
8 c. The nature of the complaint or protest (referee judgment is not considered an item for  
9 protest)
  - 10  
11 d. The referee's name, address, and phone number (if known)
  - 12  
13 e. The opposing teams coach's name and other significant witnesses.
- 14  
15 2. During tournament play, a phone report may be made by the SFL Club Representative but  
16 must include the above information. The protest will be handled by the applicable SFL  
17 Age Group Commissioner.
- 18  
19 3. The SFL Age Group Commissioner is responsible for making the initial decision on an  
20 appeal unless that individual is affiliated with a club involved in the protest. The  
21 appropriate person making the protest may; appeal the SFL Age Group Commissioner's  
22 decision to the SFL Commissioner whose decision is final.
  - 23  
24 a. If the SFL Age Group Commissioner is affiliated with a club involved in the protest,  
25 then the protest will be heard by the SFL Commissioner, unless the SFL Commissioner  
26 is affiliated with a club involved in the protest, whose decision is final.
  - 27  
28 b. If the SFL Commissioner is affiliated with a club involved in the protest, than the SFL  
29 Age Group Commissioner's decision is considered final and cannot be appealed.
  - 30  
31 c. If both the SFL Age Group Commissioner and SFL Commissioner are affiliated with a  
32 club involved in the protest, then the protest will be heard by an SFL Age Group  
33 Commissioner that is not Affiliated with any of the clubs involved in the protest. The  
34 SFL Administrator will determine which SFL Age Group Commissioner should hear the  
35 protest. The decision of this SFL Age Group Commissioner is considered final and may  
36 not be appealed.

### 37 38 **Discussion**

39  
40 In the past, the SFL has received many protests which should not have been filed or  
41 requested to review actions which are the responsibility of a given club. For example,  
42 games were protested because of referee decisions. The SFL recognizes that protests or  
43 formal complaints are not appropriate for many conditions that a coach or club believes  
44 warrants additional review by a club. Therefore, the SFL will accept informal  
45 complaints and forward them to the appropriate club for informational purposes. The  
46 SFL is not responsible for following up to determine what actions were taken by a given

1 club on informal complaints.  
2

3 H. Video Evidence – The SFL is willing to accept video evidence to support a given disciplinary  
4 issue. However, it is up to the appropriate SFL Age Group Commissioner to determine the  
5 extent that the information is used in arriving at a decision. The following guidelines have  
6 been adopted by the SFL in guiding the decision on the extent that video evidence will be  
7 used.  
8

- 9 1. Video evidence will normally be considered in reviewing such matters as (1) deciding  
10 whether a team used illegal players that were not able to be detected through the roster  
11 checking or roster challenge process and (2) whether physical altercations that would  
12 warrant a two-game suspension may have occurred on or off the field of play that were not  
13 detected by the officiating crew.  
14
- 15 2. Video evidence will not be considered in requests to overturn referee decisions such as  
16 whether (1) a goal was or was not scored, (2) a red card should be reduced to a yellow card,  
17 etc. In addition, it will not be used to evaluate subjective items such as whether a player or  
18 team is “too physical.” Such issues should be addressed with the team’s SFL Club  
19 Representative. As noted elsewhere, when a club is concerned about a team’s “level of  
20 play,” the club may request the SFL to review the matter as conduct that is detrimental to  
21 the league. In such cases, video evidence may be allowed by the SFL.  
22

23 **XIII. Law 13 – Free Kicks**  
24

25 A. There are no SFL administrative rules for this law of the game.  
26

27 **XIV. Law 14 – The Penalty Kick**  
28

29 A. There are no SFL administrative rules for this law of the game.  
30

31 **XV. Law 15 – The Throw in**  
32

33 A. There are no SFL administrative rules for this law of the game.  
34

35 **XVI. Law 16 – The Goal Kick**  
36

37 A. There are no SFL administrative rules for this law of the game.  
38

39 **XVII. Law 17 – The Corner Kick**  
40

41 A. There are no SFL administrative rules for this law of the game.
